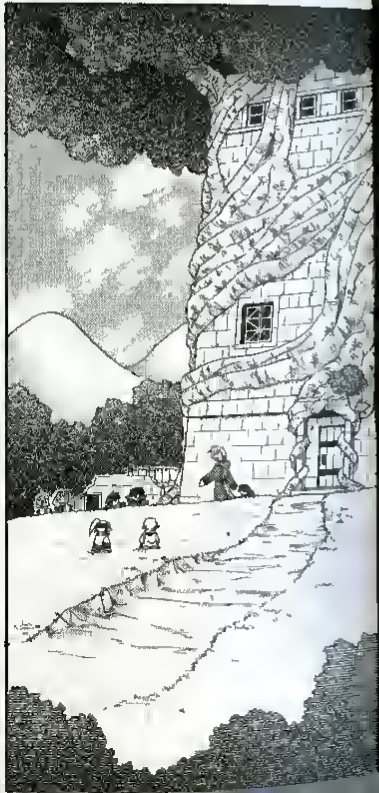
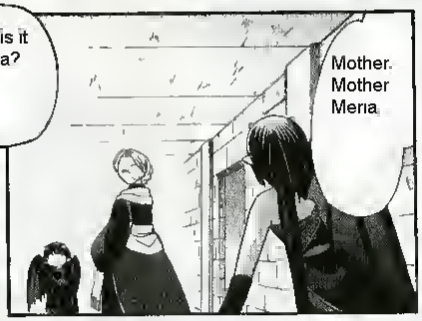
第1話
～總有一天學得會～

We've
washed the
clothes and
swept the
floor,
let's go to
the pond
for a walk
The
weather
is great
today
Wa



What is it
Raruka?
Dark Dragon
Mage
Meria



Mother.
Mother
Meria

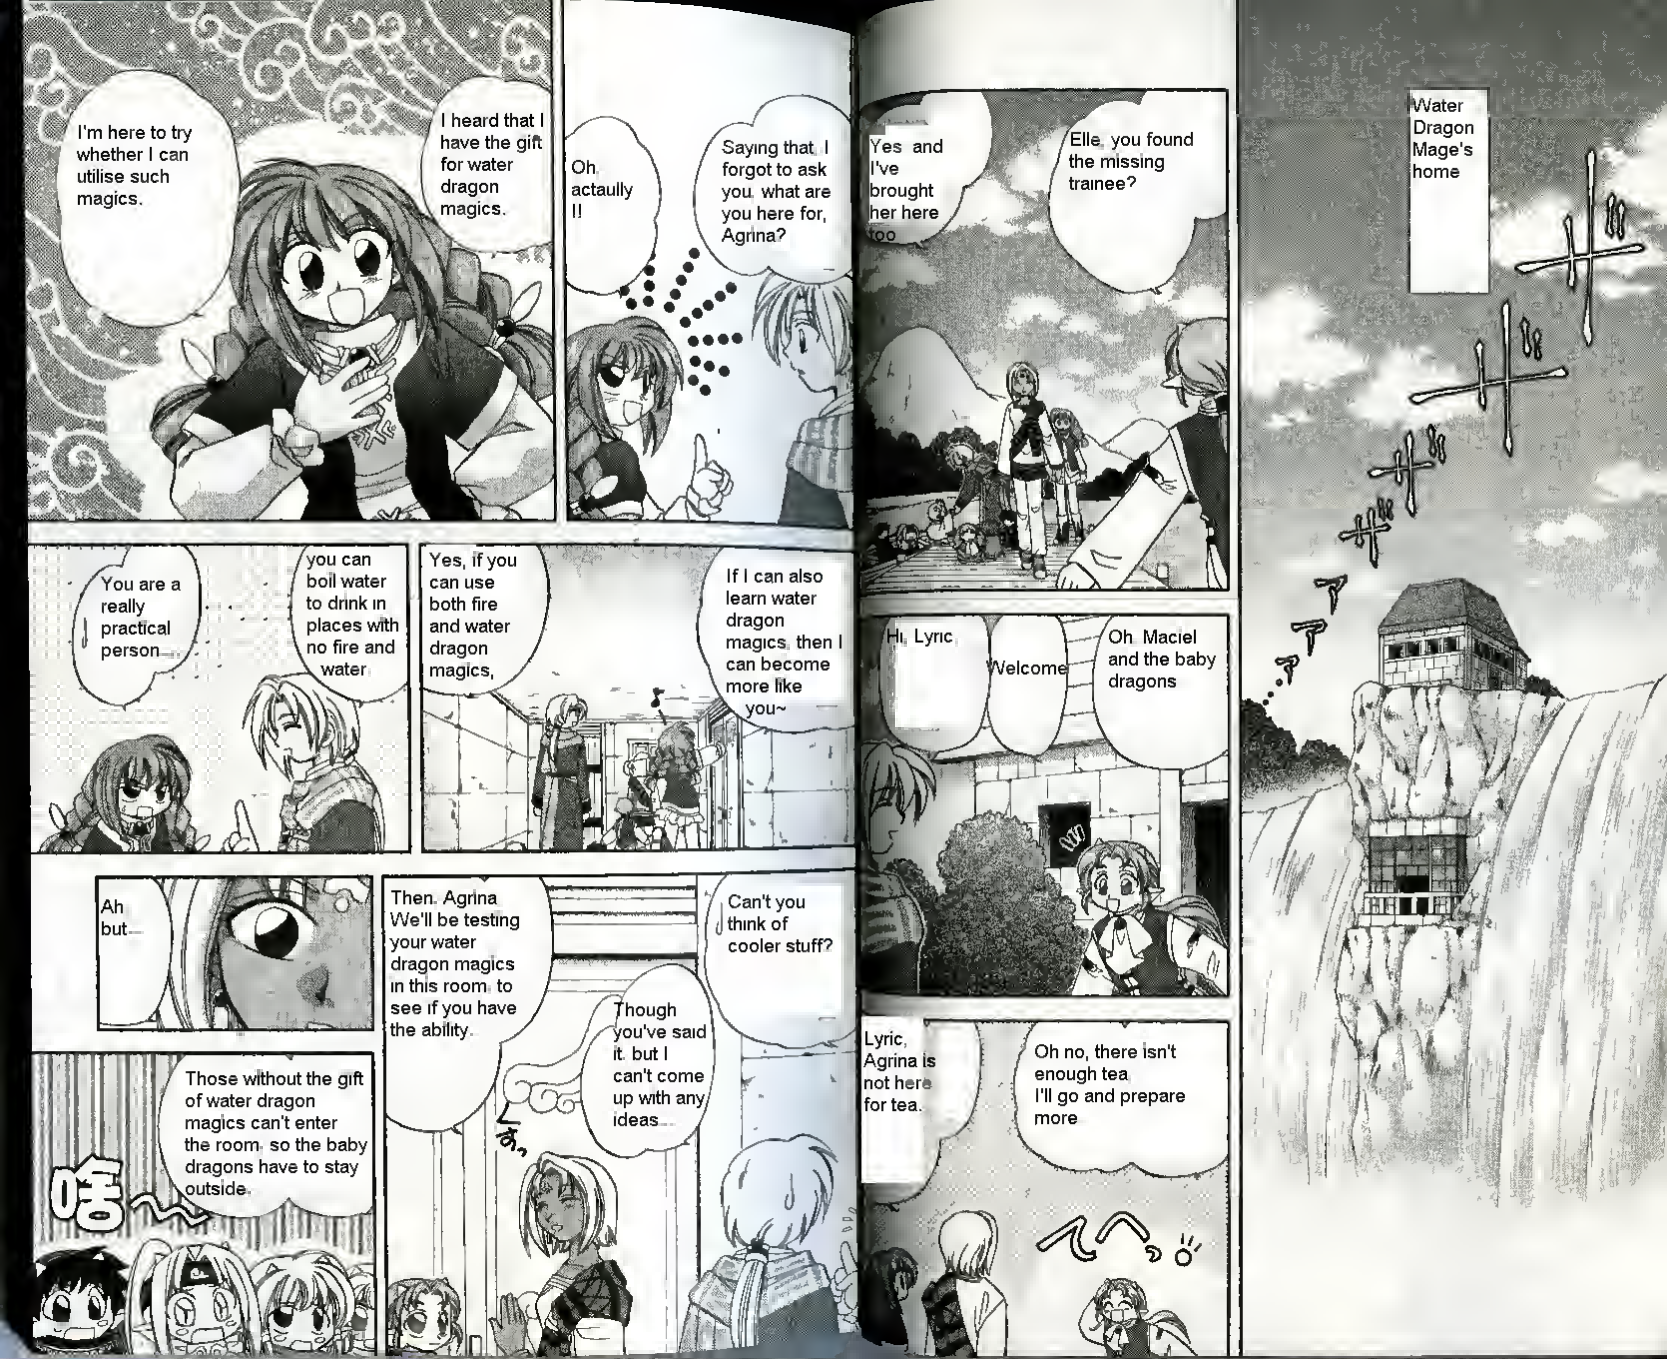
Someone is
here
She said she
had lost her
way

Hello
Maciel

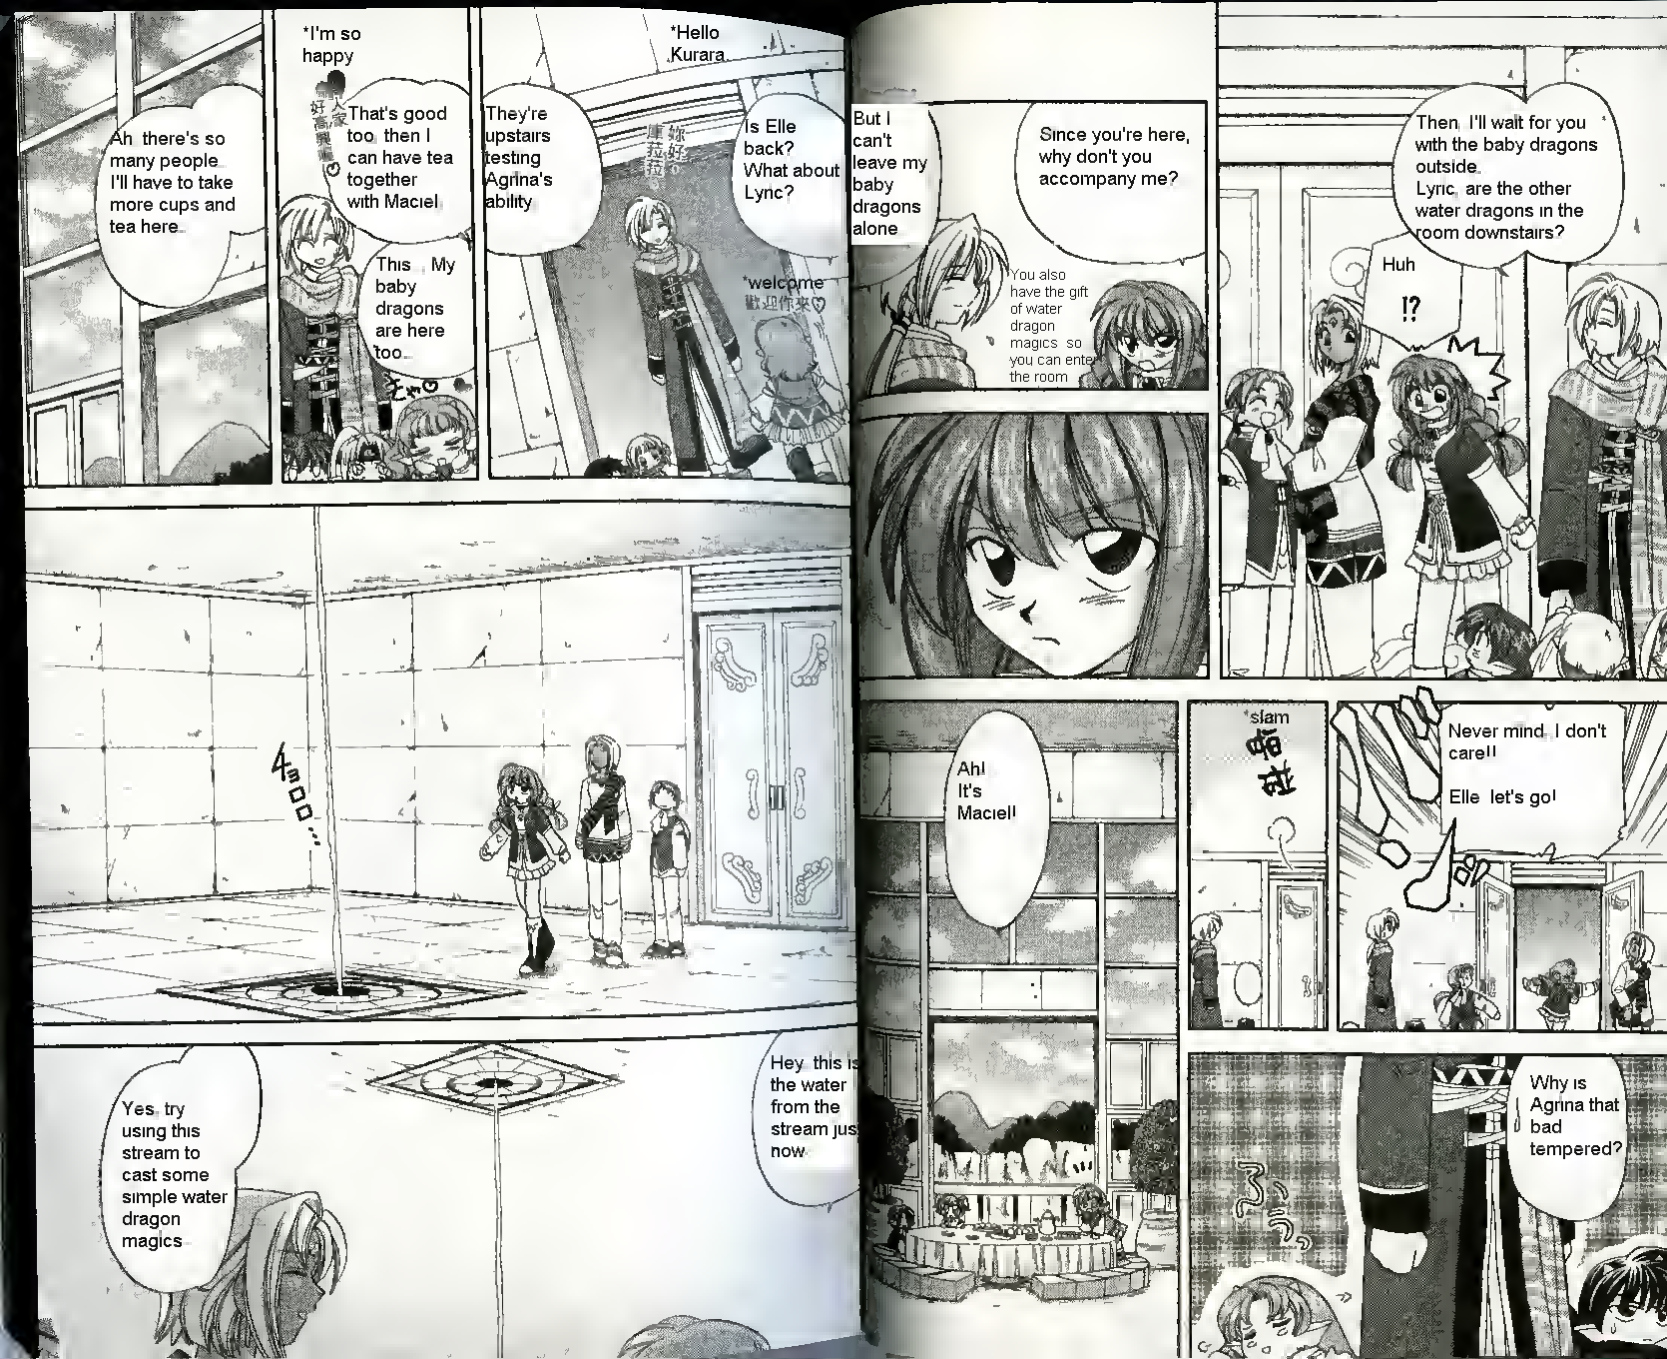
What is it Nata?
Ah...
Then I'll try
If she is lost in the forest, I can use dark dragon magics to locate her, and in bright places, light dragon magics would do
Elle!
Water Dragon Mage
Elle
Are you going out?
I'm sorry to bother you.
No, is there anything ?
Oh no, that looks like a distortion of something.
It's Meria's dar dragon magics
Nata!
No She's supposed to come to my house today I've waited a long time for her but she didn't arrive
Ah so that's the problem
I'm looking for a person If it's Maciel there should be no problem I hope that you can help me find the fire Dragon Mage trainee Agrina
Agrina? Did she run away from home again?

Wow, I'm impressed. The dark dragon magics are quite powerful.
Then we'll be going.
Erm, that...
That means if you want to go to Meria's house then you only need to take a step that's so good...
*hee hee
Because this requires the cooperation of 2 dragons. if a dark dragon is present, then it can be done.
Yes.
Maciel, do you know this kind of magics?
why not come over to my place?
Alright, alright.
Yes, since you are going to the lake for a walk
Elle! Don't!
Hey? Why is that so?
In front of Mena and Milieu, Maciel doesn't dare to use any powerful magics.

Woah !
Agrina!?
Oh..
It's Maciel!? What is this!? What happened!
How did you reach Mena's home when you've lost your way?
Hello Meria
Ah Elle is here too
This child lost her way and ended up at my place. Since Maciel's house is near to Elle's so I sent her here



I'm here to try whether I can utilise such magics.
I heard that I have the gift for water dragon magics.
Oh, actually !!
Saying that, I forgot to ask you, what are you here for, Agrina?
Yes, and I've brought her here too
Elle, you found the missing trainee?
Water Dragon Mage's home
You are a really practical person...
you can boil water to drink in places with no fire and water
Yes, if you can use both fire and water dragon magics,
If I can also learn water dragon magics, then I can become more like you~
Hi, Lyric
Welcome
Oh, Maciel and the baby dragons
Ah but...
Then, Agrina We'll be testing your water dragon magics in this room, to see if you have the ability.
Can't you think of cooler stuff?
Though you've said it, but I can't come up with any ideas...
Those without the gift of water dragon magics can't enter the room, so the baby dragons have to stay outside.
Lyric, Agrina is not here for tea.
Oh no, there isn't enough tea I'll go and prepare more



Ah there's so many people I'll have to take more cups and tea here
*I'm so happy
That's good too then I can have tea together with Maciel
This My baby dragons are here too
They're upstairs testing Agrina's ability
*Hello Kurara
Is Elle back? What about Lync?
*welcome
But I can't leave my baby dragons alone
Since you're here, why don't you accompany me?
You also have the gift of water dragon magics so you can enter the room
Then I'll wait for you with the baby dragons outside
Lyric are the other water dragons in the room downstairs?
Huh
!?
Yes try using this stream to cast some simple water dragon magics
Hey this is the water from the stream just now
Ah! It's Maciel!
*slam
Never mind I don't care!!
Elle let's go!
Why is Agrina that bad tempered?

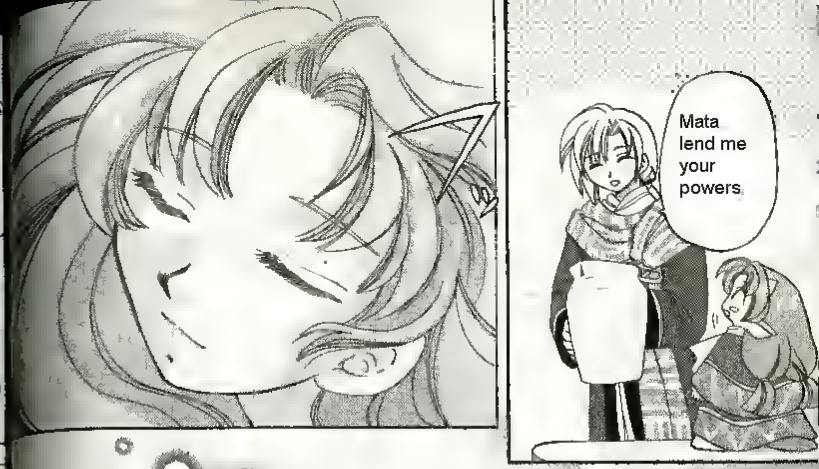
This way. I'll get closer to Maciel even if it's just a bit.
But if I can do this, then I'll be able to utilise different dragon magics.
*Squish
!?
AH
!
I will demostrate once for you Lyric.
I'm here
Ah, how you you ask me to do that all of a sudden?
*that's great
Don't worry about it. using such magics is just like fire dragon magics.
Using your ability, letting the water dragon still the water, then you can use such magics
Although to control powers not of your own can be quite tiring.
What is it, Agnina?
This... Such an unseeming magics but I still can't do it.
ガ～ン
Though it's great, but it doesn't seem too powerful. Are all Dragon Mages like this?
See, that's it.
The stream became like a rope.
好厲害...

碰on
It's those harsh and rowdy fire dragons. Those with fire dragon magics are just so useless and irnatating. If it's me, I'll surely train with you all day~
不來
That's right, it has got nothing to do with Agrina.
そっ
Unsuitable to become a Dragon Mage.
Am I...
When I'm practising fire dragon magics, I've never succeeded.
Actually, I...
To become a Dragon Mage like Maciel,
I tried my best when practising fire dragon magics,
but it still failed
This is bad. If this continues, no matter it's fire or water dragon magics, she won't be able to utilise them.
I'm really not suitable to become a Dragon Mage...
哇哇哇
Oh no! I actually bashed a dragon up...
I forgot that Agrina also have the gift of fire dragon magics.
スヤスヤ
This has got nothing to do with whether you are suitable to become a Dragon Mage.
Fire Dragon Mage Ifurofu
So this is all my fault, you idiot!
You can't even do this, you're so clumsy
Then, I'll argue with the fire dragon, and one day would pass like this
伊弗洛夫沒有阻止你們
*Ifurofu didn't stop you...?
Lyric, there's one way to help Agrina cheer up.
Yes, Agrina seems to have set Maciel as her goal.

These are ?
At such times I have to use these.
Though the gift is not enough for others to train me but I am able to utilise some small scale magics.
Besides water I also have the gift of the wind dragon
These are the Box of Wind filled with the wind dragon's magics,
and the Sacred Stone filled with the earth dragon's magics
Really When there's only the two of us.
Oh? What is it?
Hey Maciel
Maciel! Are you listening?
Agrina is so slow
Two of us..?
?
You are so unromantic
嘩嘩
嘩嘩
Don't worry it's not for the fire Dragon Mage
Though you can look forward to it
What !?
Is that letter for my father!? To tell him I'm unsuitable to be a Dragon Mage!?
Give me a moment I'll use the Box of Wind to send a letter
Kurara!!
Ok, ok
Lyric should be brewing tea right now you go down and have a rest
Look forward to what?
So if a dragon is not nearby, even if we are very skillful, we still won't be able to use any magics.
The magics that we Dragon Mages use are lent to us by the dragons

That means, you still don't know if you can use water dragon magics?
Ah, ok
Maciel, quick make some dew water!
Elle is still upstairs. She ask me to come down to rest and have some tea.
Rest ?
Ah
This way, I won't be able to brew tea for Agrina. It was actually for me to entertain Argina.
That's so strange there was still some left just now.
What !?
You gave everyone the dew water that Elle made?
water dragon magics ?
Because there are so many people, so we finished the tea.
Give me a moment. I'll use water dragon magics to make some tea.
Dew water, why is that so?
Me?
I can use such magics yet, it is too difficult for me.
Lyric, I'm sorry, it's because my baby dragons and I came without informing you all.
Yes, then Maciel, you can use water dragon magics.
And help me replenish the dew water.
Why ?
But Elle didn't say so.
He can use such powerful magics like the dark dragon's magics, so fire dragon magics shouldn't trouble him.
Ah? Is it that troublesome ?
What kind of tea do you want to brew? I need to make dew suitable for the tea.
Although gifts are born with a person, you can't ask for it, but Maciel is all the gifts, and is able to use all of them at one go...
Agrina? Where's Elle.
Maciel, what are you doing?

Even using the assimilation technique as if it's nothing
Elle doesn't do this?
Yes, because it is quite tiring for the Dragon Mage. unless it is an urgent matter or else it is not used
Wow, it's the assimilation technique. it's the first time I'm seeing it
Huh ?
That is so great
To become a Dragon Mage like him
To get closer to him
Is that only my one sided wish?
要成為像他那樣的術士…
想要離馬傑爾更靠近一些…
——只能算是我的一廂情願嗎…
I say Elle told me to come over immediately

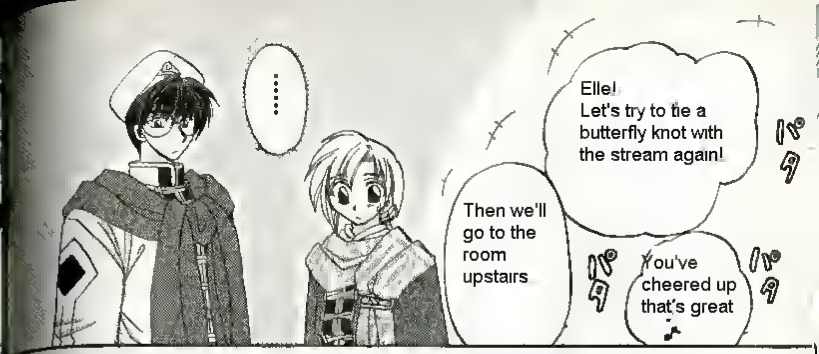


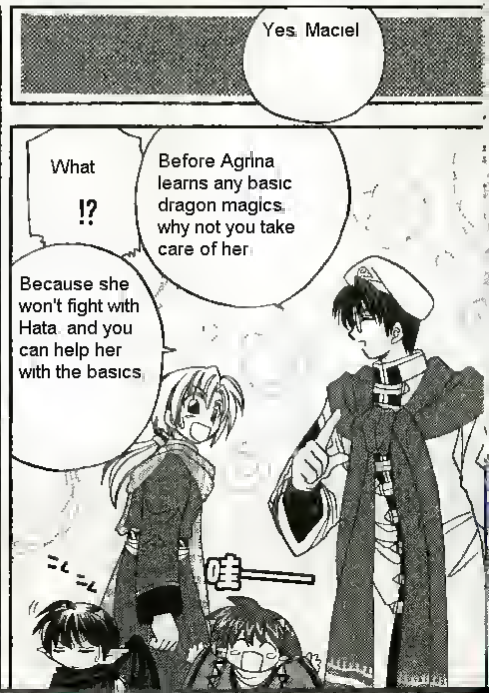
Mata lend me your powers

*Ha ha ha ha ha
哈
哈
哈
哈
哈
哈
嗖…
Mi...
Milieu
onissan!!
So I came here to look...
Maciel, you
すす。
Huh?
Meria was right it was too early for you to become independent.
I kept telling you, don't use the assimilation technique for trival stuff!!!
Milieu onissan!
But... But I'm alright!
*This little brother will never learn
Who asked you to use the assimilation technique!
Tricked again... Now I'm getting dizzy
In other words, Maciel is still not good at controlling the powers of the baby dragons
The assimilation technique although it drains the user it is a good way to control a dragon's powers
Now I feel better
はぁ
That's so fun~
Maciel actually got scolded!!
哈
哈
哈

Chapter 2
~It's difficult to communicate~

第2話
～難以開口的溝通～





第1話・完

Maciel!! Listen to me!!!
So it is suggested for Agrina to train with the obedient Hata a rare trait for fire dragons, and see if she can learn to use dragon magics.
Milieu and Elle told me...
Fire Dragon Mage Ifurofu
Seems like you want to teach Agrina how to use dragon magics
What the heck are you saying!!
It's all Agrina's fault!! She only knows how to fuss always complaining about this and that!!
Thus she was unable to train any dragon magics. So...
Fire Dragon Mage trainee Agrina when with the rowdy fire dragons can't stop arguing.
Yes...
It became like this in the end
*Angry
Maciel don't mind them
Erm Agrina Meo stop arguing
I'm a beginner it is very common
The one's who's somplain is you Meo!! Who ask you to lose your temper all of a sudden!
It's all because your dragon magics failed!!

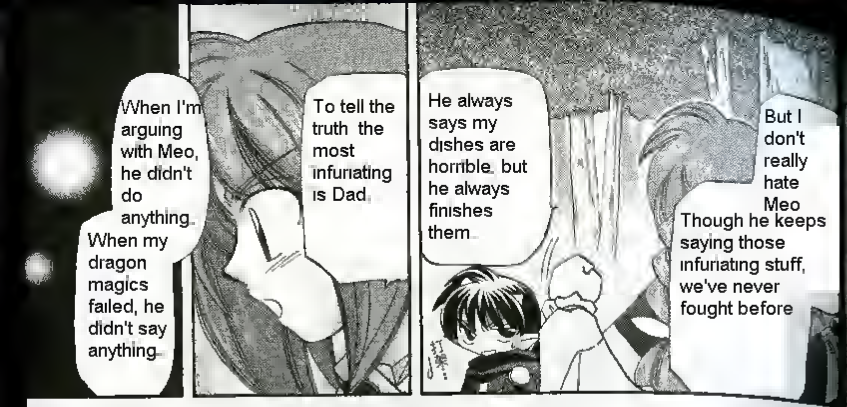
I want to eat something nice occasionally too!
You are actually bribed by food
I'll be leaving everything to you, Maciel
*ha ha
If you don't argue with Agrina I'll be very thankful
Maciel your wish is my command
But
Tea cup
Everything that needs to be said is said
Once the fuel is used up, the fire will burn out
But, if this were to continue ...
Then
What's the matter? I learnt fire dragon mages from Ifurofu too. If he use the same method he used to teach me, to teach Agrina
*slam
Who ask you to cook such horrendous foods!!
Huh?
Ah, yes
*turns away
You can eat Maciel's dishes for dinner
Dad, I want to go home too!! Why do I also have to look after other's baby dragons!!!
WHAT
!!?
I'll be going off. Meo, you stay here and see whether you'll help look after the baby dragons or do chores.

If they are not quarrelling it should be easy to learn dragon magics
The fuel for quarrelling never seems to run out
Ifurofu why didn't he stop them
What if it's so!!
I say you when with me and Dad you only know how to argue but in front of Maciel, you seem so obedient
What are you laughing at!!
The two of you
Milieu onissan has the gifts of 5 dragons When I was young, I tailed along when he went training Learning a bit here and there, I got scolded by him often
He said such half baked magics would fail easily
ぶつぶつ…
I didn't really becme their students
Hey hey Maciel Didn't you learn Dragon Magics from all the Dragon Mages? How long did it take?
So the back of Maciel's house is like this
Agrina come over here
That is not good at all! There is no dragon magics which I am particularly good at,
and because of this, I can't become a Dragon Mage's successor
So he had no choice but to send me to relearn everything from the Dragon Mages In the end I leant light dragon magics too becaused I've already learnt dark dragon magics
That s so great!
バタン
Oh
When I can finally become an independant Dragon Mage Milieu and Meria opposed it it
There's nothing to be happy about
*hee hee

I have to succeed!
Let's go, Hata!!
Good
Agrina it's ok
The one lending me powers isn't that irritating Meo, but the gentle Hata
So I can do it this time!
I can't be stopped by such trival matters!
Yes, I came to Corseltel just to become a Dragon Mage.
nods
Hata you have to lend your powers to Agrina
Ok
Agrina, when I give you the signal try to light the candle with dragon magics
My house doesn't have any training rooms so we'll train here
*What, you think I will fail from the start!?
Though I can't use powerful magics like Maciel
什麼嘛，一開始就認定我會失敗嗎!?
Nata and Mata too. I might need to borrow your powers too.
Just in case. Sata, you stay near me
You look after the other baby dragons
But why dark dragon Nata and wind dragon Sata is needed? I understand the water dragon part though
Maciel what about me?

It wasn't like this when I trained at home
No!!
I mean that giant flame that appeared!!
Hey!
Nothing to say now?
There
There's no such thing
*Erm
This
Agrina~
Is it because Maciel is nearby, so you used all your might?
You
Huh
?
That
Agrina are you alright?
It's failed
WA
!!
If you don't stop it, I'll really get angry
And the magics have failed, but the giant flame was caused by-
You even that sweet little Hata lending you his powers you still can't use any dragon magics
Meo
!!
Oh, I used wind dragon magics to put out the fire.
Maciel!
What was that!
Oh, so that's it.
By drawing away air to create a vacuum the fire can be put out immediately
If the radius of effect is wider I can use dark dragon magics but it can cause quite some problems

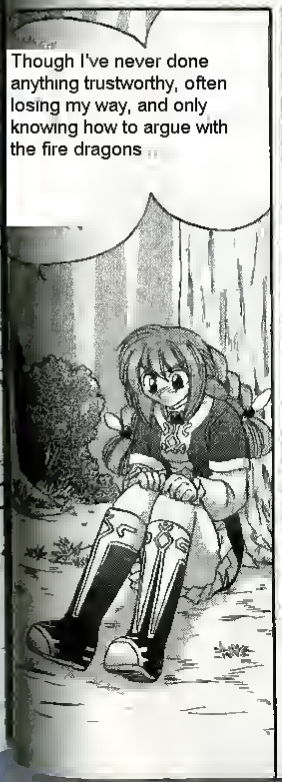
We have to find her before she lost her way!!
Sata what are you saying!?
Agrina went to walk on her own!!
Oh no
!!
I realised it after you said that
You're worried that I can't make it, so you came back to take a look!? I'm so *sorry* to tell you, I failed again.
Agrina
Didn't you go back already!?
Dad!!
If she wants to calm down, it's better to let her be alone.
Is... Is it?
REST!?
I'll go and take a walk.
Agrina calm down. Yes you go and rest for a while first
I've made some biscuits.
What is it, just say what you want to say!
So there's no problem?
Huh
!?
You're saying, Nata went with her,
Yes
....
So you've lost your way.
No, I walked in the direction of my home, but ended up here.
Did you forget anything ?



When I'm arguing with Meo, he didn't do anything. When my dragon magics failed, he didn't say anything.
To tell the truth the most infuriating is Dad.
He always says my dishes are horrible, but he always finishes them.
But I don't really hate Meo
Though he keeps saying those infuriating stuff, we've never fought before

You say if I lost my way, Maciel would be worried?
At least she knows she has no sense of direction
I want to calm down alone-
Huh? What is it you are saying?
Nata, why did you come along!?

Hey, what are you doing with that pile of stones
Nata is thinking aren't you the one who wanted to calm down alone
Nata, don't you think so!!
He was the one who asked if I want to be his successor, and brought me to Corseltel!!!
He should at least say something to me!!



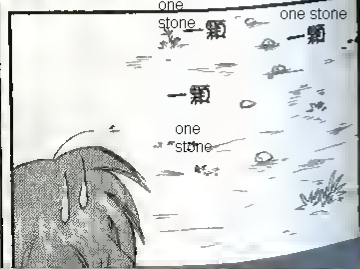
Though I've never done anything trustworthy, often losing my way, and only knowing how to argue with the fire dragons

Are you really only a baby dragon?
That's too good to be true
You are able to act immediately after noticing this

And, I'm not really trust worthy

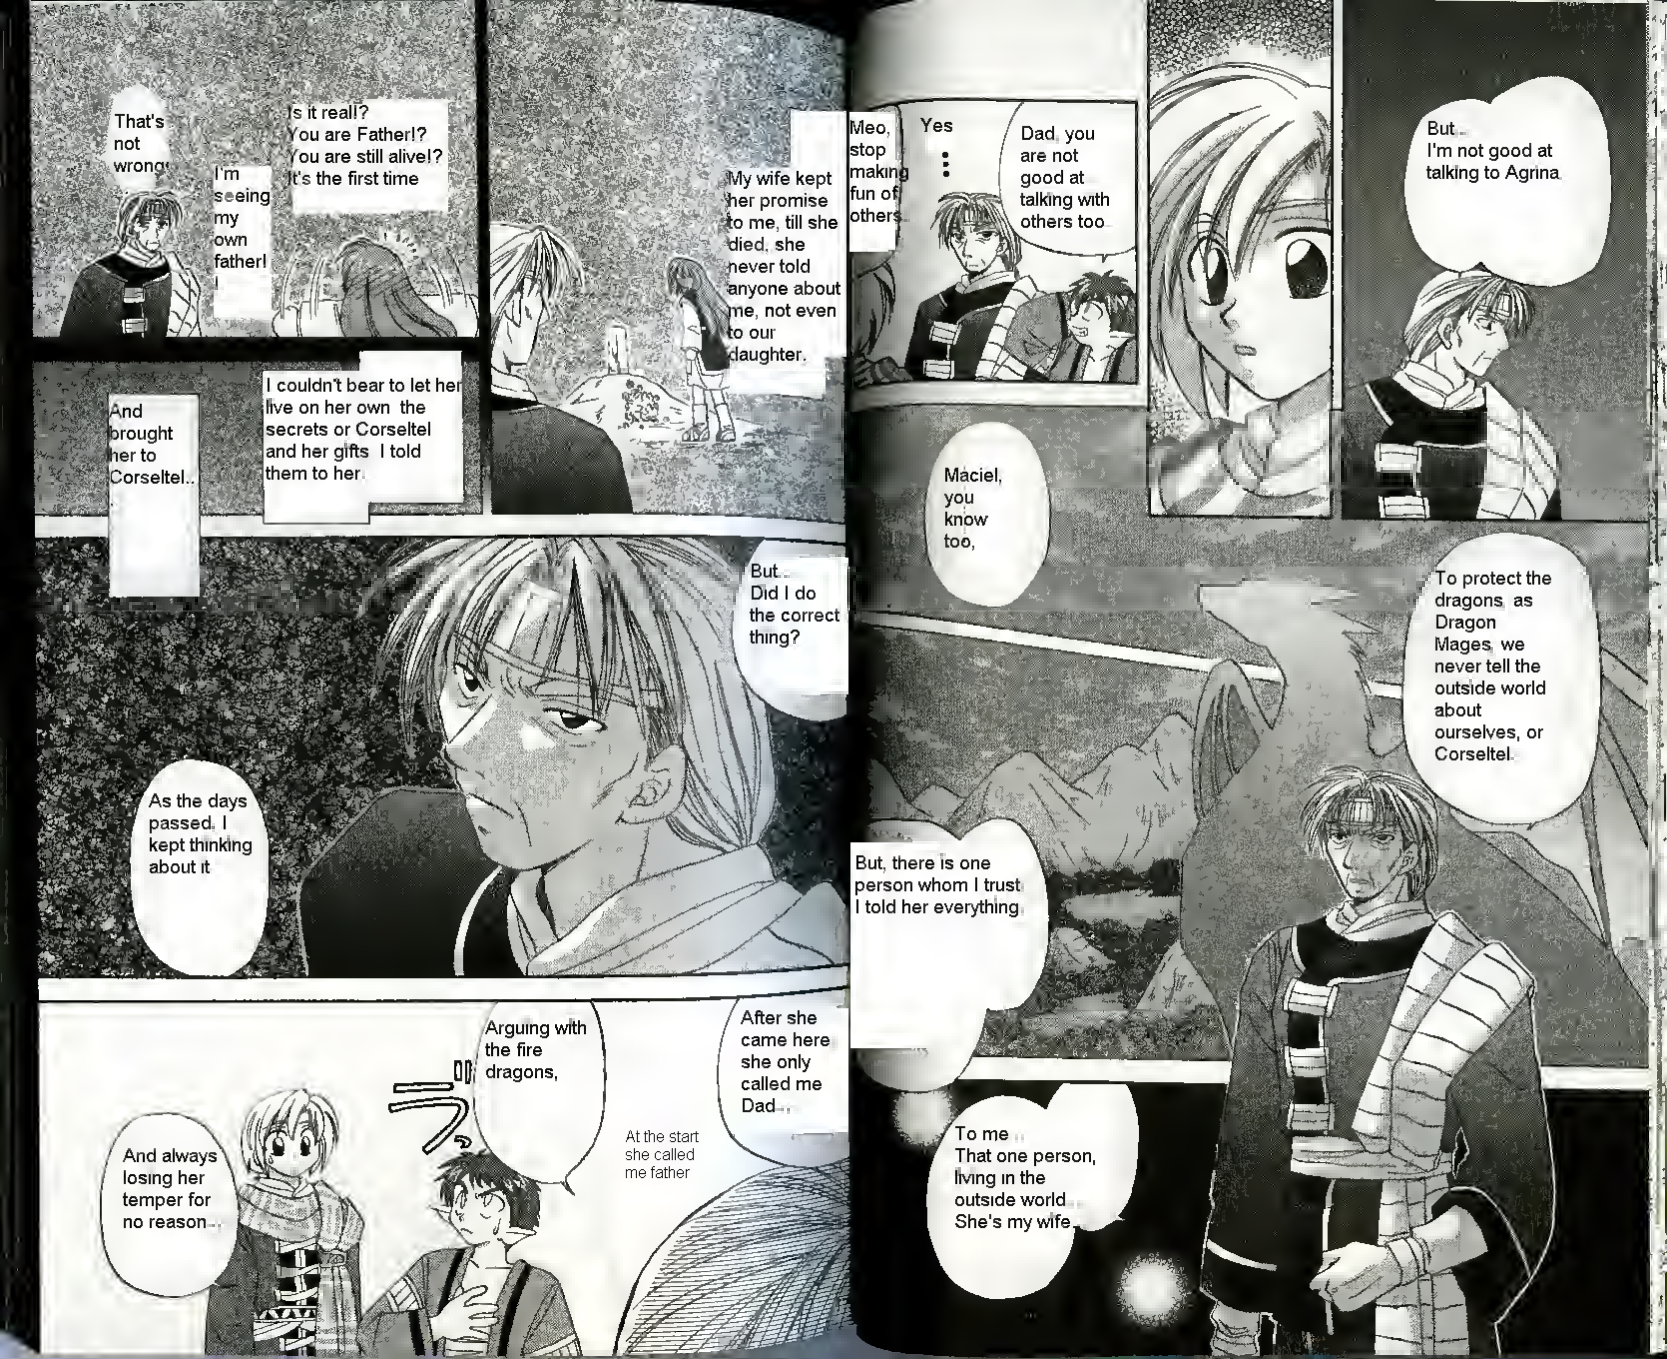
You're telling me to follow the stone trail back?
You're so petty, as if you'll lose something from listening to me

one stone



one stone
one stone
one stone

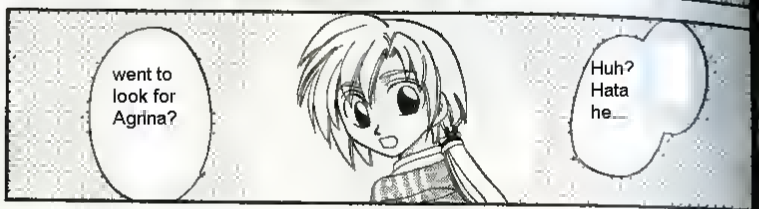
When in a training room failed magics would be drawn away immediately, you should have made it clear at the start why didn't you tell Agnna?
If it is like this then it's Ifurofu at fault
Hey, where is Agrina? So you placed stones on the way back?
Nata
!!
This is good!
That's great, thank you.
You should be very clear about this, Ifurofu
And speaking of magics Agrina can already use some of it Didn't she just create a huge flame?
Meo
!
Yes and something else
Nata is thinking, it is so troublesome looking after this bunch of people
Nata, what is it?
Agrina is having a headache about her inability to use dragon magis
You only need to tell her "You can do it", and let her have more confidence then she might succeed
Yes, you're right
This... This should be Agrina's problem She said she had practised at the water Dragon Mage's training room before!
Maciel is angry
Why do yu always have to say such infuriating stuff!!
This is not a training room, so there was a huge flame, didn't you know it!!?



That's not wrong
I'm seeing my own father!
Is it real? You are Father!? You are still alive!? It's the first time
My wife kept her promise to me, till she died, she never told anyone about me, not even to our daughter.
And brought her to Corseltel..
I couldn't bear to let her live on her own the secrets or Corseltel and her gifts I told them to her.
But.. Did I do the correct thing?
As the days passed, I kept thinking about it
Arguing with the fire dragons,
And always losing her temper for no reason..
At the start she called me father
After she came here she only called me Dad..
Meo, stop making fun of others
Yes ...
Dad, you are not good at talking with others too
But.. I'm not good at talking to Agrina
Maciel, you know too,
To protect the dragons as Dragon Mages, we never tell the outside world about ourselves, or Corseltel.
But, there is one person whom I trust I told her everything.
To me.. That one person, living in the outside world She's my wife.

That's true, then I'll try asking her
*That can't be helped
Hata
!
.....
*It's missing!?
不見了!?
What, what? You came because you were worried about me? I'm so happy
呀
If it's like this, just ask her
This child Does she really wants to become a Dragon Mage? I really don't know
What!? No I don't dislike her it's just that How do I say it?
If you don't know asking her would be the best method
And Meo! Why are you always arguing with Agrina! Do you dislike her!?
Ok ok, I will
Then why don't you accompany her more during her practises?
It's communication! We lack communication!!
Though I was a bit harsh just now

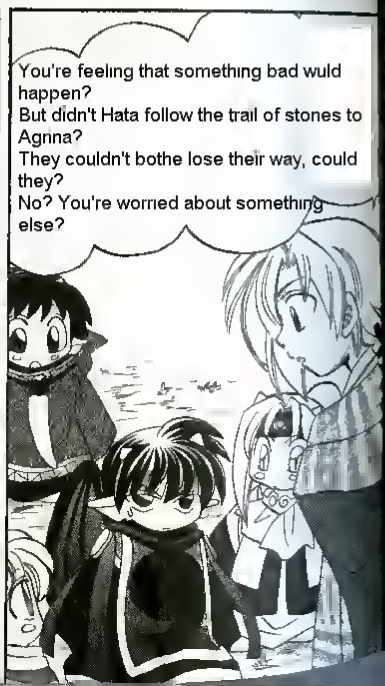
Why not we practise here first?
Till we can finally master it then we go back



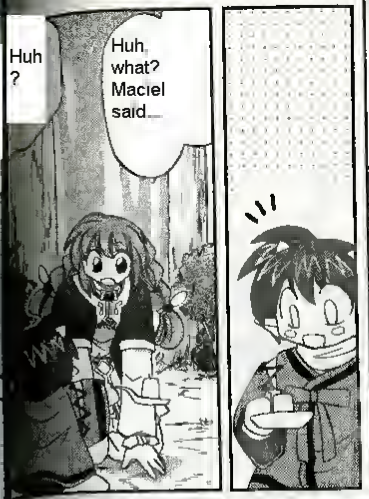
went to look for Agrina?
Huh? Hata he...

Nata what are you worned about?

I sense fire
Dad,



You're feeling that something bad wuld happen?
But didn't Hata follow the trail of stones to Agrina?
They couldn't bothe lose their way, could they?
No? You're worried about something else?



Huh ?
Huh, what? Maciel said...

Though I always trouble Maciel, but...
I tell you Nata is no fun at all!!

He said I can already use dragon magics!?
He really said that!?

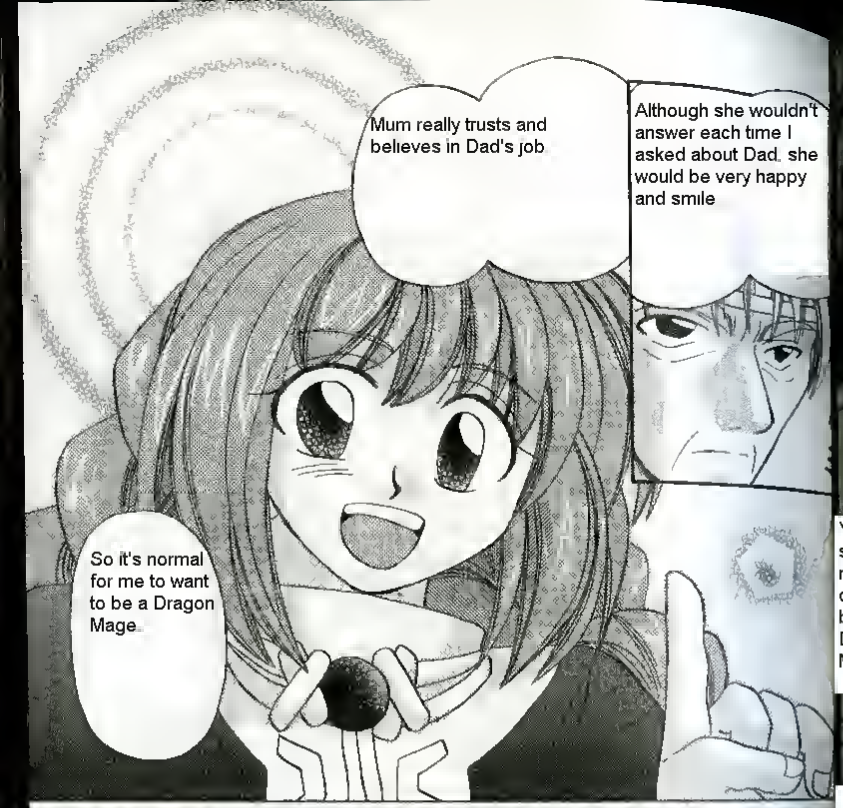
Hata let's go back and try again!!
Yes. I was already able to create flames!! Maciel is the best he actually noticed it!!

Yes
You say, if I go alone, I won't be of any help?
Nata! Why are you stopping me!!
*pull
扯住
Lend me your powers everyone
Good,
There's a fire!!
Ah Ifuroful Meo!
ガッ
I have to go take a look too!
Agrina's dragon magics failed again?

Agrina!!
Hata you are by her side to keep the flmes away the whole time?
Oh, Dad.
Damn it!!
How could you practise dragon magics on your own!!
Meo, lend me your powers!
Ok!
Agrina is in front?
Oh... Father
No... This is all my fault. I'm sorry
Agrina!!

To prevent any harm, yet accomplishing his goal at the same time.
But since it's Maciel, he would use the different dragon's magics at the same time.
I heard that when Corseltel was still the City of Dragons, such Dragon Mages are already difficult to come by. If he were to only focus on one kind of dragon magics, isn't it a waste?

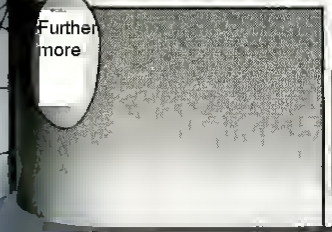
So it is dark dragon magics? Something like seperating the air.
Yes, but if it's only dark dragon magics, we would suffocate due to the lack of oxygen.
What is this? It's suddenly dark! And there's lots of weird noises!
Don't worry, it's Maciel using dragon magics to put out the fire.



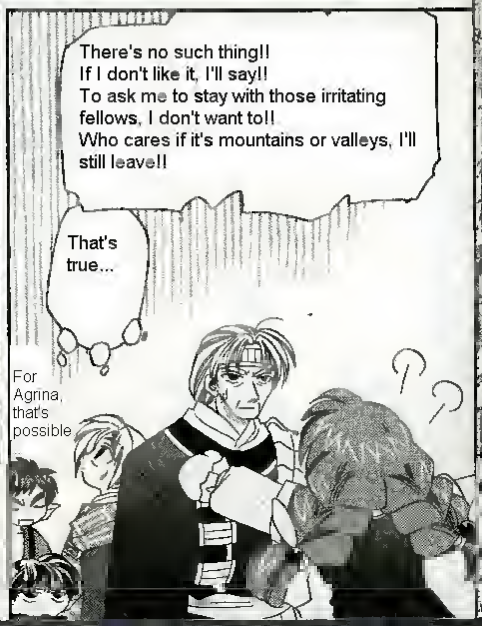
Mum really trusts and believes in Dad's job
Although she wouldn't answer each time I asked about Dad, she would be very happy and smile
So it's normal for me to want to be a Dragon Mage

Huh ?
You are suspecting, maybe I don't want to become a Dragon Mage?

Huh!? You travelled before!?
Further more, I used to follow my mum around when she works, crossing moutains and valleys are no trouble for me
うむ...
Dad's wife is such an amazing woman



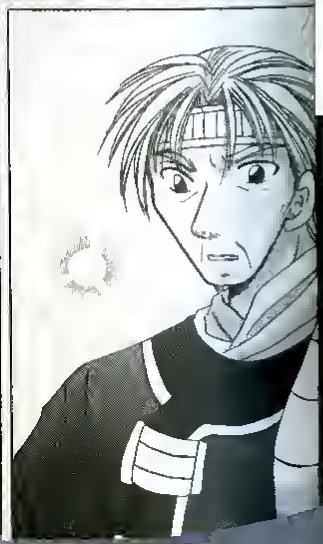
Further more



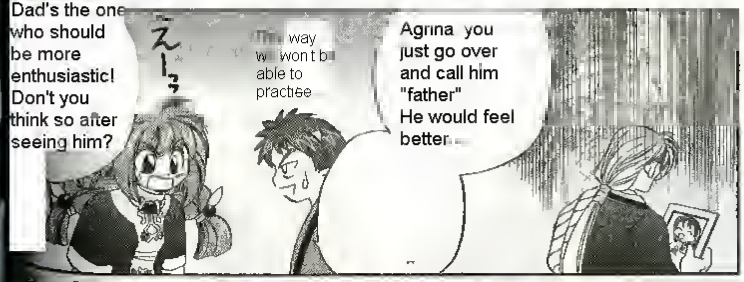
There's no such thing!! If I don't like it, I'll say!! To ask me to stay with those irritating fellows, I don't want to!! Who cares if it's mountains or valleys, I'll still leave!!
That's true...
For Agrina, that's possible

But like Dad when it comes to my sense of direction
Agrina, you are really like your mother

Is that so, Fiana... Your mother...



...After that incident, at the fire Dragon Mage's home-



Are you two dragon mages!?
Why did the spirits went to look for you- Oh yes
It' not Maciel's fault
What in Corseltel is your brother doing! Some time ago, there was a forrest fire, and before that snow came before it's season!
Hey, Milieu
There is no such thing! Almost all the spirits know knew my past never-
If it's like this, doesn't it show that you are a good person to talk to? If they don't like you they wouldn't have looked for you
Oi
!
Of couse it did!! All the spirits in Corseltel came to me complain!!
Further more, it didn't bring you any trouble Kadio?
Dragon Mage Maciel let's have match!!!
I'm Naila from the Winter Army,

Huh... Swords!?
The problem is that guy's challenging you to a sword fight
No...
I said so...
Do you know how to use any weapons?
If it's using magics then you won't lose, since you've defeated me before
What yes! make yourself clearer!
MACIEL!!
Where is Naila!! Did he come over!?
ずかずか
You gave me a shock Kashi what is it?
Never mind, since he's not here yet then-
He's here already
Kadio?
Kadio chased him off
That person just came to my house, Milieu onissan!
Yes.
He's from the Winter Army... What's going on? Is he here to challenge me?
So he isn't here... He is the leader of the Winter Breeze squad, and was my superior the last time.
...huh? Who?
Phew...

Because you are a Dragon Mage, so he's using weapons instead.
Just as long as he can win, he would use any methods.
No matter what you say, you are the only one who had defeated me.
If he defeats you, then he would be regarded as strong, and welcomed back.
If it's so, why does he wants to challenge me? And with weapons?
Milieu wanted to use wind dragon magics to blow him away, but I stopped him.
If we use dragon magics on him, he might use magics back on us, and there will be no end.
Yes, I told him that Maciel's house is in the other direction, so he flew there.
Wood Dragon Mage Kadio
.....
Why did this happen.
AH! There's a spirit constantly pestering Maciel to a match, is that you!?
Milieu, you only noticed it now.
ha ha ha ha
The squad leader under his charge... Is that you?
No, that won't happen.
For seasonal spirits, they have their own squads, so they are quite difficult to deal with. If that person just now were to ambush Corseltel with his troops, we'll be having a disaster.
About that, in Corseltel, those skilled at sword fights are Lambales and Elle.
A swords match... It's giving me a headache.
唔~
Ok, let's just put it aside first.
That Naila person seems quite difficult to deal with, if he comes, what would you do?
He challenged the squad leader under his charge to 6 matches of swords and magics, but lost everytime.
He is already stripped off his title.
No more spirits would obey him anymore.

キラキラ

This way, if any spirits come cloes, we'll know immediately

Everyone listen up. Don't get out of the house temperary, be obedient and stay at home.

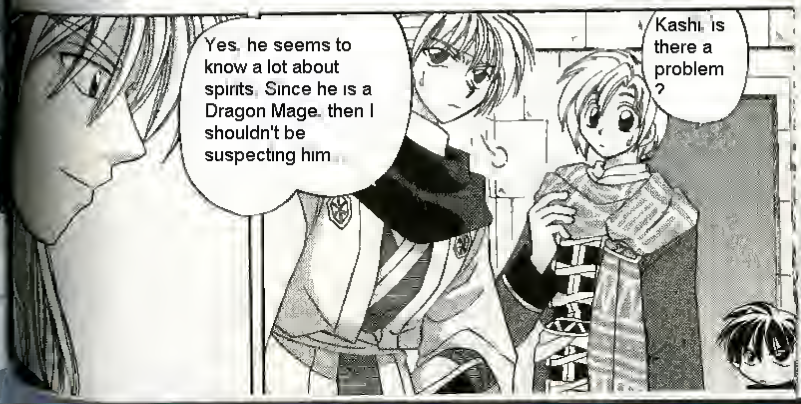
.....
No since he dares to come here outside his season, even without his troops, he shouldn't be underextimated.

Maciel, who are they?

Why don't we just chase him away using dragon magics!

Wood Dragon Mage ?

One is the wind Dragon Mage Milieu,
The other's Kadio, the wood Dragon Mage.
And Milieu's my older brother.
and wind dragon Jen.



Yes, he seems to know a lot about spirits. Since he is a Dragon Mage, then I shouldn't be suspecting him.
Kashi, is there a problem ?

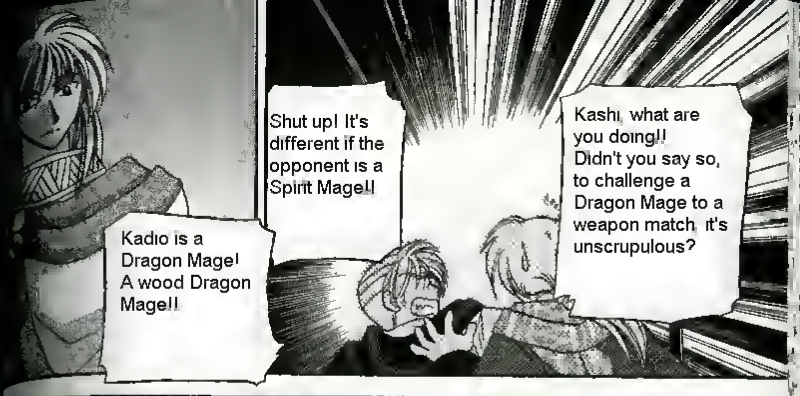
Ah!
So, Maciel, you are really going to fight that Naila person?
Yes I rejected it at first
Hey hey that's not the main problem
What silly brothers
Isn't this the staff the elder dragon gave to you!? You can't use that how about using a chopping knife?
The chopping knife is used it cut foods it's unhygenic
You think you can defeat Naila using that?
He might be weak, but he was once a squad leader of the Winter Army
Is he refering to me
Isn't that so
But he's from the Winter Army even if I said that, we would still fight in the end so I better perpare first
Other than that even though I know I'll lose I'll still try my best
If it's a match of magics because it would involve the baby dragons I won't accept it

Don't worry I'll be alright
Though it's alright if I'm not using dragon magics it would be dangerous if everyone stays with me
Nata you stay here and look after everyone
パターン
Let's kill him!!
I'm so worried..
That's not possible
A scary person is coming...
Hey Maciel what's that?
This is the Dragon Mage's staff It's the only thing at home that I can use as a weapon
Well this
So you're saying there's no better methods!?

Luckily I hid immediately, but my plans' already exposed.
Why.. Why is Kashi here!? And the two Dragon Mages that tricked me are present too
Though is that person the Dragon Mage that defeated Kashi?
He's just a young kid
He might have given up and went back.
That guy wouldn't given up that easily
If anyone challenges him to a weapon match, he would accept it.
Yes, didn't he say something like that before?
Isn't he taught by you.
Such a willful child. He is really troublesome
So you're really accepting the challenge...
Milieu teacher!
This is dangerous enough already..
You mustn't do anything dangerous!
Does that mean Maciel has the confidence to win a weapon match!?
Just wait and see, bastard Kashi!!
Who cares if he uses magics or weapons. just as long as I win.
Seems that even if I lost to Kashi as long as I defeat the one who had defeat him. he would never forgive himself
But Maciel is protected by Kashi and the two Dragon Mages. it's tough to attack,
I'll have to wait till he's alone.
Huh?
Ah? I sensed that he was nearby. but he disappeared immediately
Milieu. did that guy come!?

You...
Ah
Hey?
He must be waiting for you to be alone before attacking that unscrupulous bastard!
He wouldn't admit defeat even though he'd lost he's such a low down person, no wonder he got stripped of his titles!
Naila should have noticed me, that's why he hid himself
Hey, I officially challenged you what do you still have to complain about!
And even twice!
You would also think such of others, Kashi
So you... You are a Spirit Mage!?
Kashi!!
I've said it before, to be able to come out outside of it's season is already an impressive feat and he defeated his superior several times.
This kind of stuff, even if you're not a Spirit Mage, you'll know-
How did you know it? Is it because of your past?
You only noticed it now, you're such a slow brother
Those two are really close
What's happening? What's happening?
Huh?
So what if that's so, if we're talking about power that Kashi is quite a high level spirit
Because Maciel never had a friend close to his age About dragon magics, just as long as it doesn't involve the baby dragons, Maciel will become very strong, so you don't need to worry.
Ha ha...
If you continue doing nothing like this everyday, I'll become better than you one day!

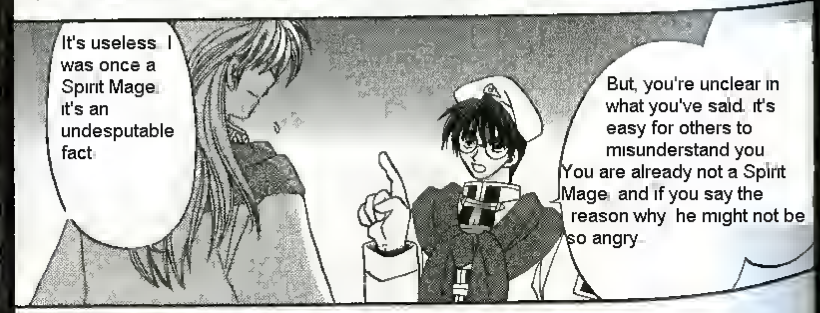
What
!?



Kadio is a Dragon Mage! A wood Dragon Mage!!
Shut up! It's different if the opponent is a Spirit Mage!!
Kashi, what are you doing!! Didn't you say so, to challenge a Dragon Mage to a weapon match, it's unscrupulous?

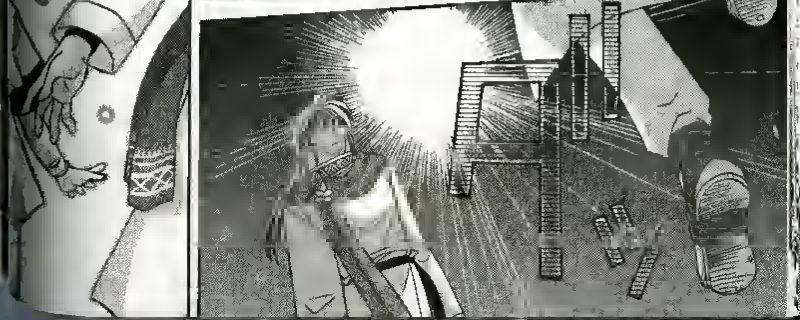
That's right. I'm a wood Dragon Mage.
But before that, I was a Spirit Mage once.

I acted before thinking, is that very bad of me?
Ah!
Milieu!
Milieu onissan!!



It's useless. I was once a Spirit Mage. it's an undesputable fact.
But, you're unclear in what you've said. it's easy for others to misunderstand you. You are already not a Spirit Mage, and if you say the reason why, he might not be so angry.

You bastard !!
Ah !!



No matter how we explain we're just making up excuses
Since it's like this, I a bit relieved
But Kashi's temper flared up all of a sudden, we have no chance to explain
That's right. The spirits in Corseltel hasn't attacked you, right?
The one who told us how to avoid the conflict is you, Kadio
And if this method doesn't work, we'll just have to find another method
But why would you think so? If we tell the truth, it would be better
Ifurofu is just like you, but the people around him doesn't know how to communicate well too
Although you have to see who you are talking to, but if he didn't even ask at all, then it'll be a hopeless situation
The difference is, for Dragon Mages, they place the dragons first, and themselves second. The reverse is true for Spirit Mages
Yes... Both borrows the powers from others, but...
Onissan, what is a Spirit Mage? Is it different from a Dragon Mage?
And for mid leveled or lower spirits, they would forcefully drag them from their seasons or locations, to use their powers
Once a spirit leaves it's place, if it's power is used up, it'll die
Isn't that right? Kadio
ふふ…
You couldn't stand such practises, so you freed the captive spirits
When the other Spirit Mages noticed it, they chased you out

魔法
魔術士

!!

Is there anything? If you don't stay at home, it'll be dangerous

Nata ?

I'll wait for him at the cliff in front.

If he attacks you again, it would not be fun anymore.

Since it is like this. Kashı would be returning here.

Corseltel is really a great place... This was a place that I've dream of before.

It's nothing

What is it?

OH NO!!!

……

Oh Kadio
Ah yes!
Maciel are you alright!!
What!!
Excuse me, but who are you?
But seems like there are many different kinds of Mages in this world
Yes, monsters also let Mages look after their children. So the Dragon Mages and Monster Mages are similar
If I stand here he should be able to see me
Since Kashi will fly straight back
I almost forgot! You are the squad leader who *lost to Kashi*
I'm sorry, but I refuse a swords match.
Damn it!
Woah!
I don't know what happened between you all. but you're finally alone
Dragon Mage Maciel!!

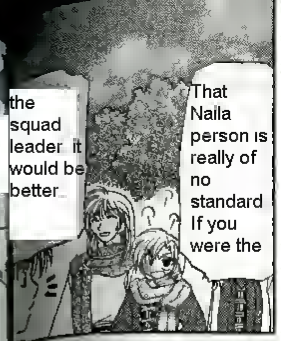
Huh ...?
It's useless to rant at him now...
Really, why are these winter spirits all so hot tempered!
He dodged it!?
This!
*Gave me a shock
nearby, you are just normal humans!
It's only 2 Dragon Mages right now! And your dragons are not
Maciel, the baby dragons are so worried for you that they cried, Milieu is comforting them right now.
What!
Shut up!!
Ka... Kashi! You... You dare to stop me-
Kashi!?
You! What magics are you planning to use!!
Last time, when I was using spirit magics, there's this spell that can totally stop a spirit's movement
Kadio!!
It's an emergency right now, there's no time to think of what methods to use.

Kashi...
No matter what they had done in the outside world if they can come in it means that they will not harm others.
Those bastards... They are not even noticing me!?
The baby dragons!!?
!!?

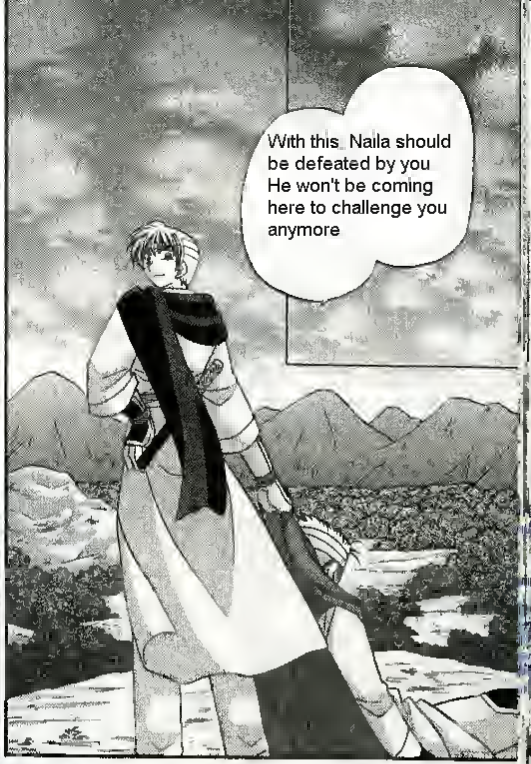
I was planning to use it to stall Naila.
This is the Seed of the Forest which contains the powers of the wood dragons
Kadio!?
You noticed? That's not bad of you.
Although I don't like to use magics against others, but after all, I'm a wood Dragon Mage.
Corseltel is a special place to us spirits.
I know
Ah! Kashi! That... Kadio is a...
Kadio...

I'm sorry. I wasn't paying attention for a moment, and the baby dragons ran out
*shocked
驚
Damn it, Naila he-
I
*Since it's so...
既然如此……!
Yes Maciel's baby dragons.
I'll never forgive you!!
If you dare to attack my baby dragons,
Huh?
It's alright the problem's solved.
Woah!
When did Nata come here!?
So, if Maciel is with his baby dragons, he's invincible.
Nata is thinking come again when you are stronger.
Can't stand these people
You already bashed down. what is there to forgive.
ベルク
ナタ!!

I have to find the weakness of dragon magics fast or I'll end up like idiot here
I have to calm down and think
Then let's meet the next time
Oh sure



That Naila person is really of no standard If you were the
the squad leader it would be better



With this Naila should be defeated by you He won't be coming here to challenge you anymore

There's no such thing Though They've arranged such a post for me but I've refused
Huh ?

Why ?

Ok
Maciel we should be going back.

Nata is thinking, this is already very serious
Yeah
Luckily, nothing serious happened

~The little adventure in the mean time~

第4話
～打發時間冒險記～

"When you're bored, it's time for an adventure."

That day...

Though it's not clear how many people said it before.

Sata is feeling extremely bored

We can't go out and play, it's so boring.

Where's Maciel?

The fourth floor is leaking, he's fixing it.

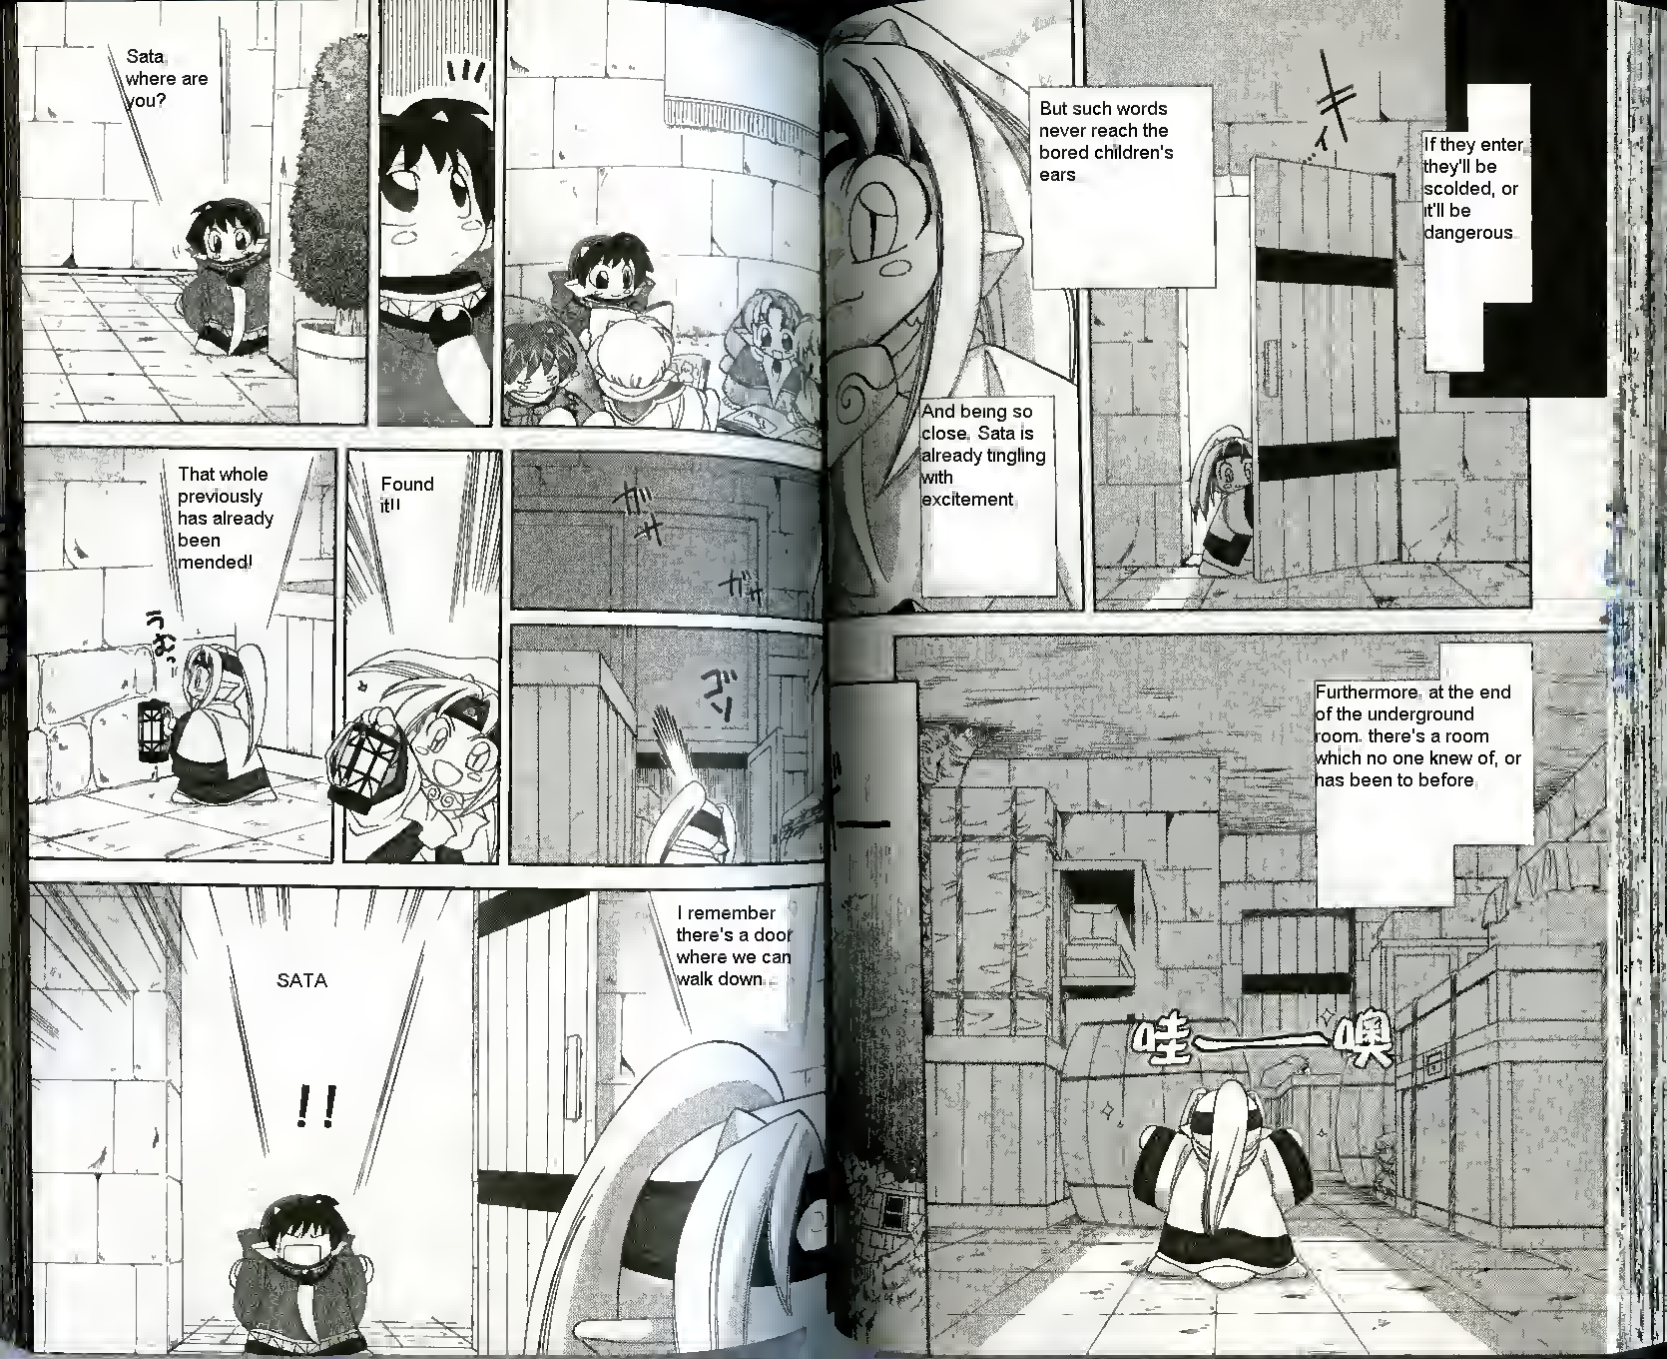
Maciel's house is not only a ruin, but also wrapped around by a tree. The top floor often leaks when it rains.

*Lambalos is here to help

Maciel says, as it would obstruct their work, we can't go upstairs.

Let's read books!

Because the last time everyone went to the underground room something serious happened so Maciel warned the baby dragons never to enter it
But...
絕對
不可以
進去!!
Never enter this room!!
Reading is still the best!
Stay here and don't run about!!
That's so boring, let's play hide and seek!
*Really...
Nata, we'd run out of nails. Could you go get some?



Sata where are you?
!!!
That whole previously has already been mended!
Found it!!
SATA
!!
I remember there's a door where we can walk down
But such words never reach the bored children's ears
And being so close, Sata is already tingling with excitement
If they enter they'll be scolded, or it'll be dangerous
Furthermore, at the end of the underground room, there's a room which no one knew of, or has been to before
哇——噢

Ata you are also feeling bored from having nothing to do, aren't you!
If a bunch of bored children group together, an adventuring team will be formed
*Excited
*Excited
*Sigh
You can only go take a peek and return immediately!

Ah move this heavy box
Here again, so noisy...
Why did you come to this place, you'll get scolded!!
That's great!!
Ah
Why!? Did anything drop!? Once you retreive it you have to get back upstairs
Oh no
What's that?
What ?
What ?

I don't mean that
There's light!!
?
I'm saying, if we don't go back soon we'll get scolded by Maciel-
It's so dark, it's very dangerous !!
Let's go and see!!

They disappeared before I finished
Hey, where are the rest!?

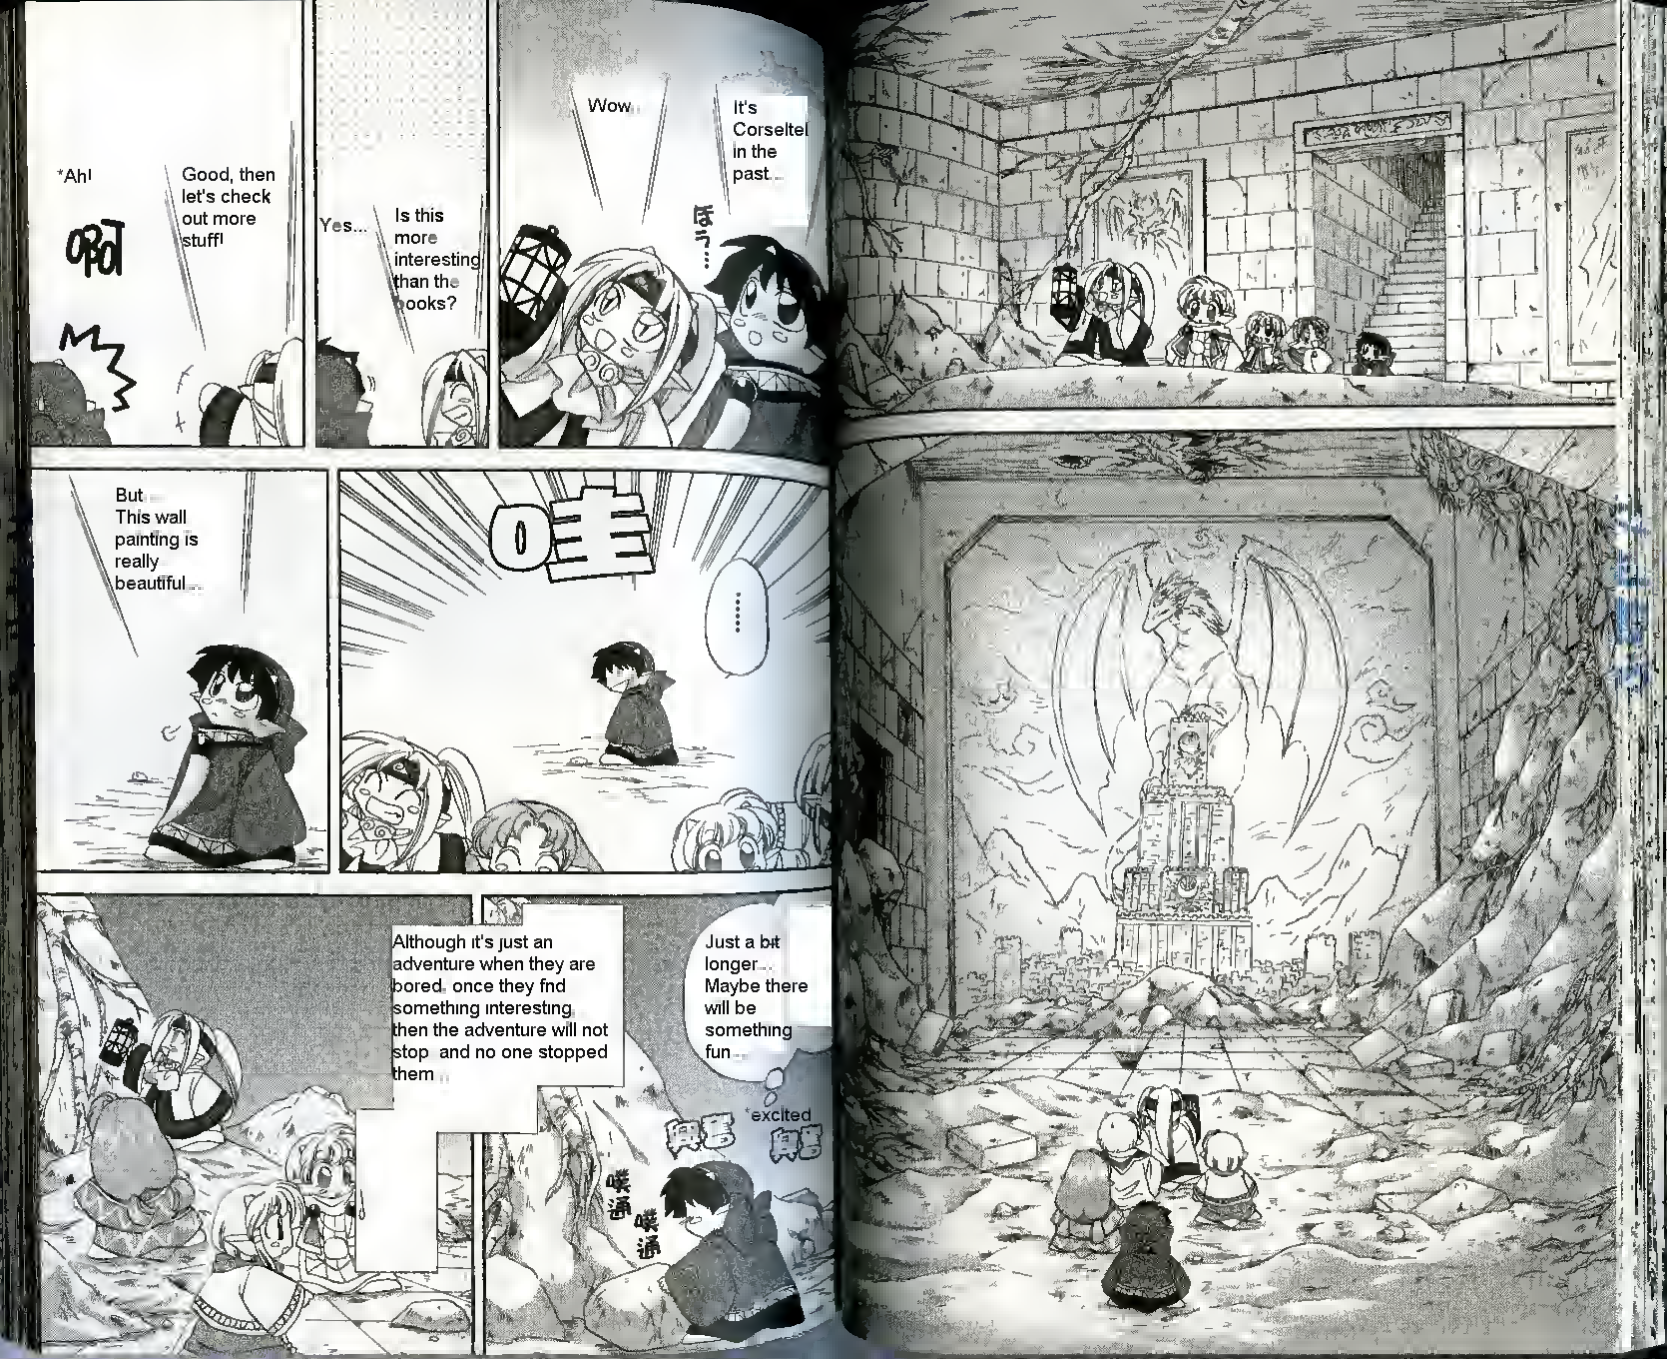
Ah, Ata, do you know what is that?
What to do now...
There are stairs here!!



*Ah!
Good, then let's check out more stuff!
Yes...
Is this more interesting than the books?
Wow...
It's Corseltel in the past...
ほう…
But... This wall painting is really beautiful...
……
Although it's just an adventure when they are bored, once they find something interesting, then the adventure will not stop, and no one stopped them...
Just a bit longer... Maybe there will be something fun...

Big Box? ...?
Hey, there is a big box here, does it hold any treasure?
Oh, yes!!

I don't mean that kind of scary...
Dragon Mages are not scary!
The humans in Corseltel are Dragon Mages.
Human s?
It's a box used to hold dead humans, it's very scary!!
What is a coffin?
Don't worry, I'm a "Yuan" Dragon Mage.. I won't bully others.

I'm... I'm sorry... Baby dragons.... I can't help you....

ガ～ン...

I forgot...

Don't worry everyone just as long dragon magics is used, the door will open.

There's a spell casted on this door that only allows Dragon Mages to enter.

That's the only exit out of here.

Excuse me, the exit is sealed, are there any other exits?

He doesn't know fear, that's so great...

But... But if Maciel notices we're missing, he will come and look for us!

Oh, there are still living Dragon Mages!

I have the gift of every dragon.

I am the dragon king's Dragon Mage.

Retelling the past...

When the dragon king is still alive, I still missed the world. But after the dragon king died, seeing Corseltel without the dragon king, I am really sad...

After that, I wonder how much time has passed...

Oh no!

You are already dead, can you use dragon magics?

But aren't you a "yuan" Dragon Mage?

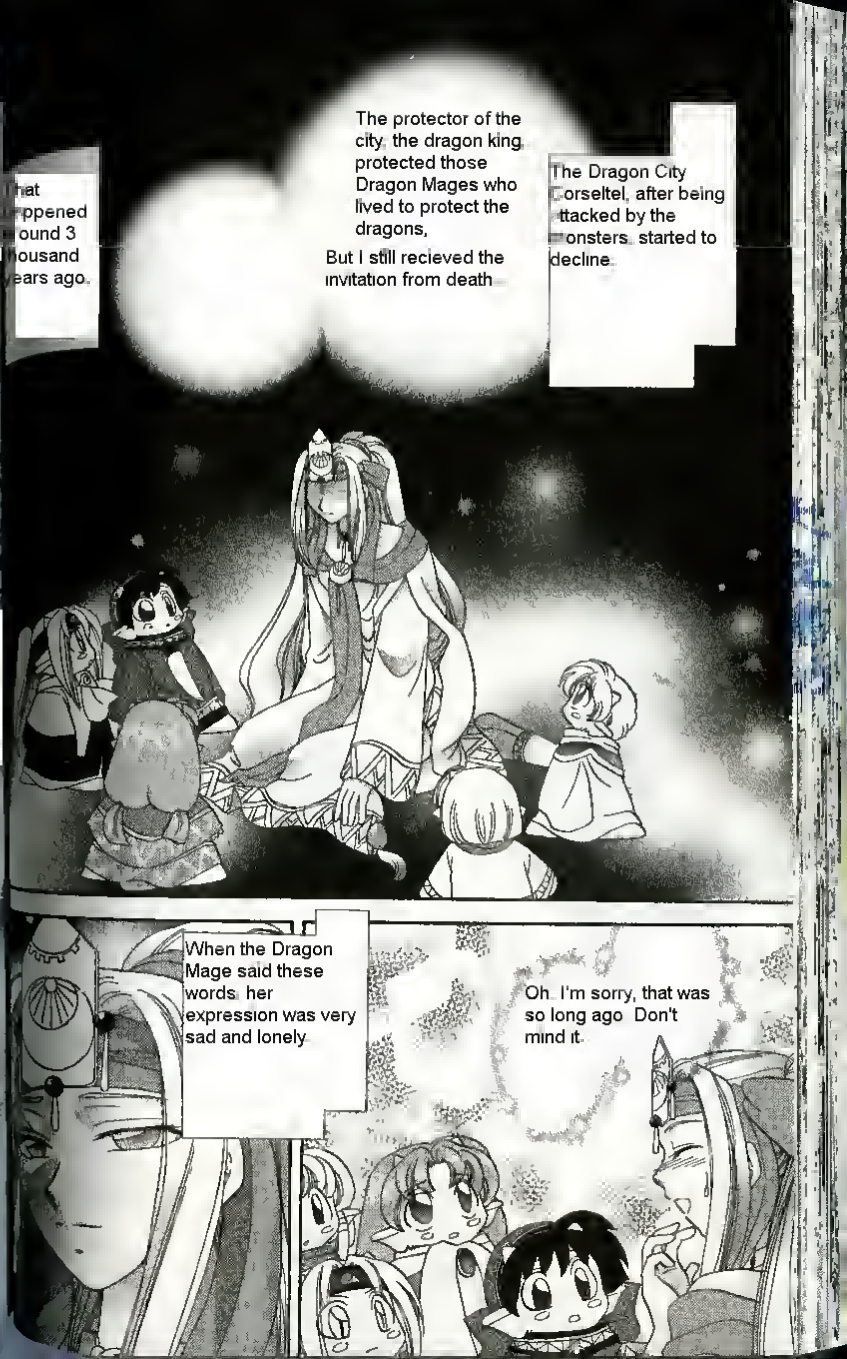
Any dragons are willing to lend me their powers? I'll open the door.

She's just like Maciel...

That's great~

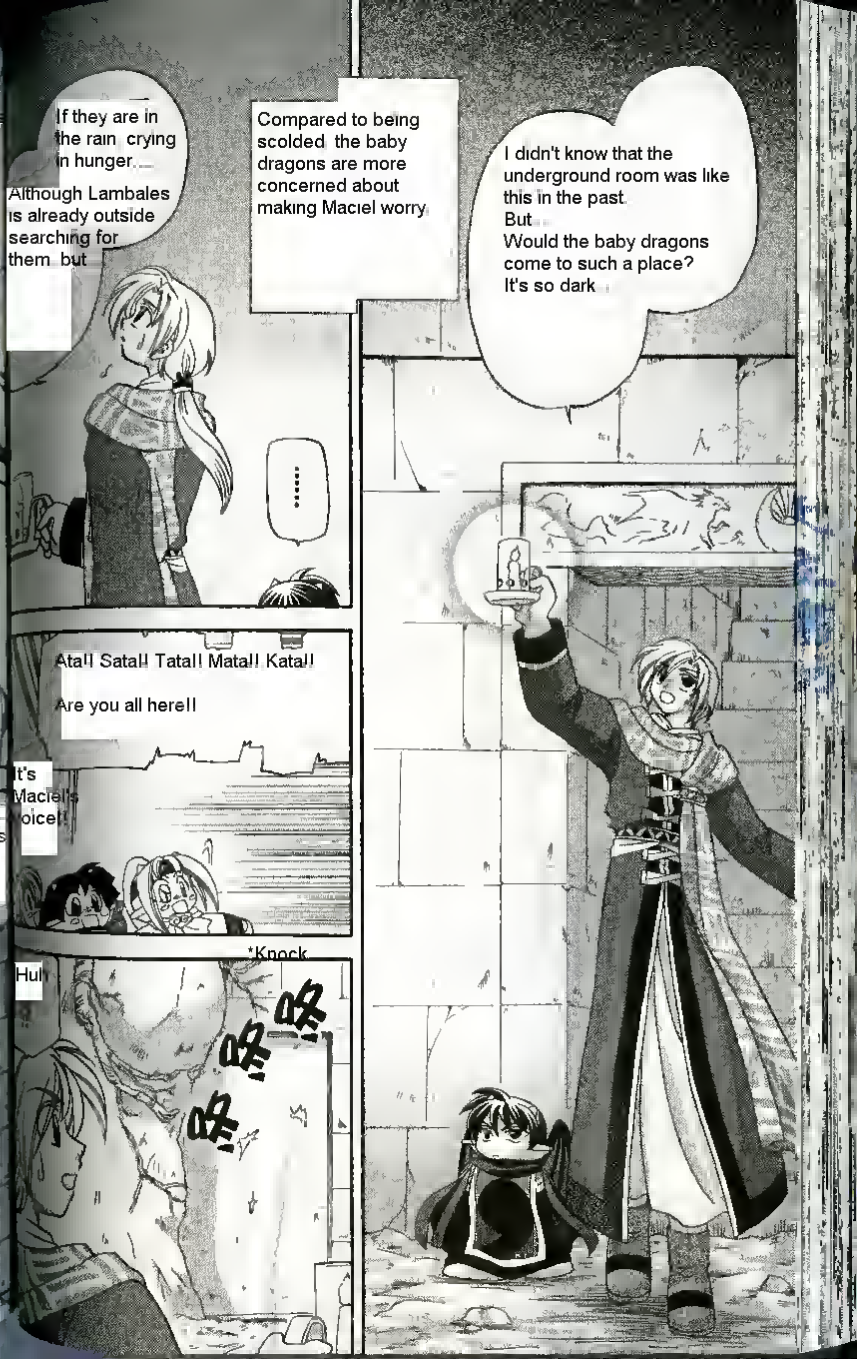
好棒喔～

Everyone became more enthusiastic and told more happy stones
And so, the Dragon Mage smiled happily
And a trainee who has no sense of direction!
There are now 8 Dragon Mages in Corseltel!
So, everyon talked about happier topics to make her smile
The more they say, the more they became aware Maciel should be very worned about them right now
As the topics slowly changed without anyone noticing it, the focus shifted to Maciel
So, your brother would scold you? Then?



hat ppened ound 3 housand ears ago.
The protector of the city, the dragon king protected those Dragon Mages who lived to protect the dragons,
But I still recieved the invitation from death
The Dragon City Corseltel, after being ttacked by the nsters, started to decline
When the Dragon Mage said these words, her expression was very sad and lonely
Oh, I'm sorry, that was so long ago Don't mind it

Oh, I never thought he'll be this rash
Everyone stand back I'll use dark dragon magics to destroy this door!
what the!?
I can't open it... Since it's like this,
Knock
Is everyone inside?
Wa ah
A Dragon Mage is...
Though her life was gone, she still lingers in this place, unable to leave...
Slowly rising...
Ah This ?
Someone who is willing to do anything just for the dragons Worrying too much about the dragons,



If they are in the rain, crying in hunger...
Although Lambales is already outside searching for them, but
Compared to being scolded, the baby dragons are more concerned about making Maciel worry.
I didn't know that the underground room was like this in the past. But... Would the baby dragons come to such a place? It's so dark...
Ata!! Sata!! Tata!! Mata!! Kata!!
Are you all here!!
It's Maciel's voice!

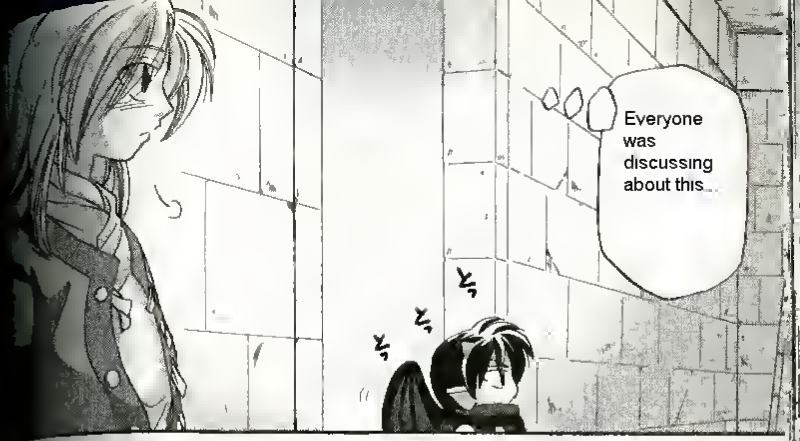
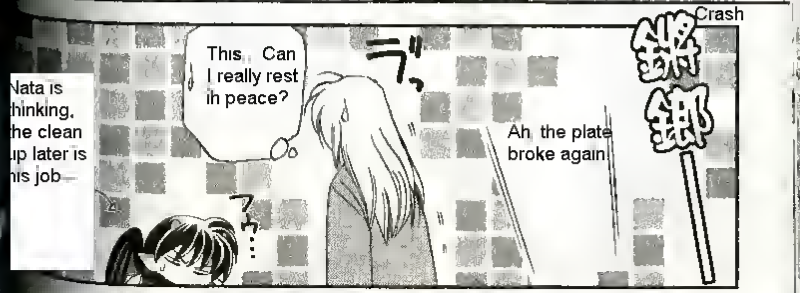
Chapter 6
~Words of the Star~

第6話
～星星的話語～





In the sea of dark- ness ...

A place ear his lestinatio

So, the wait wasn't that bad.
Towards the outside world, there is not much interest.

ne day, star ppeare

From t e nd of th arkness he star poke.

Are you waiting all this time?

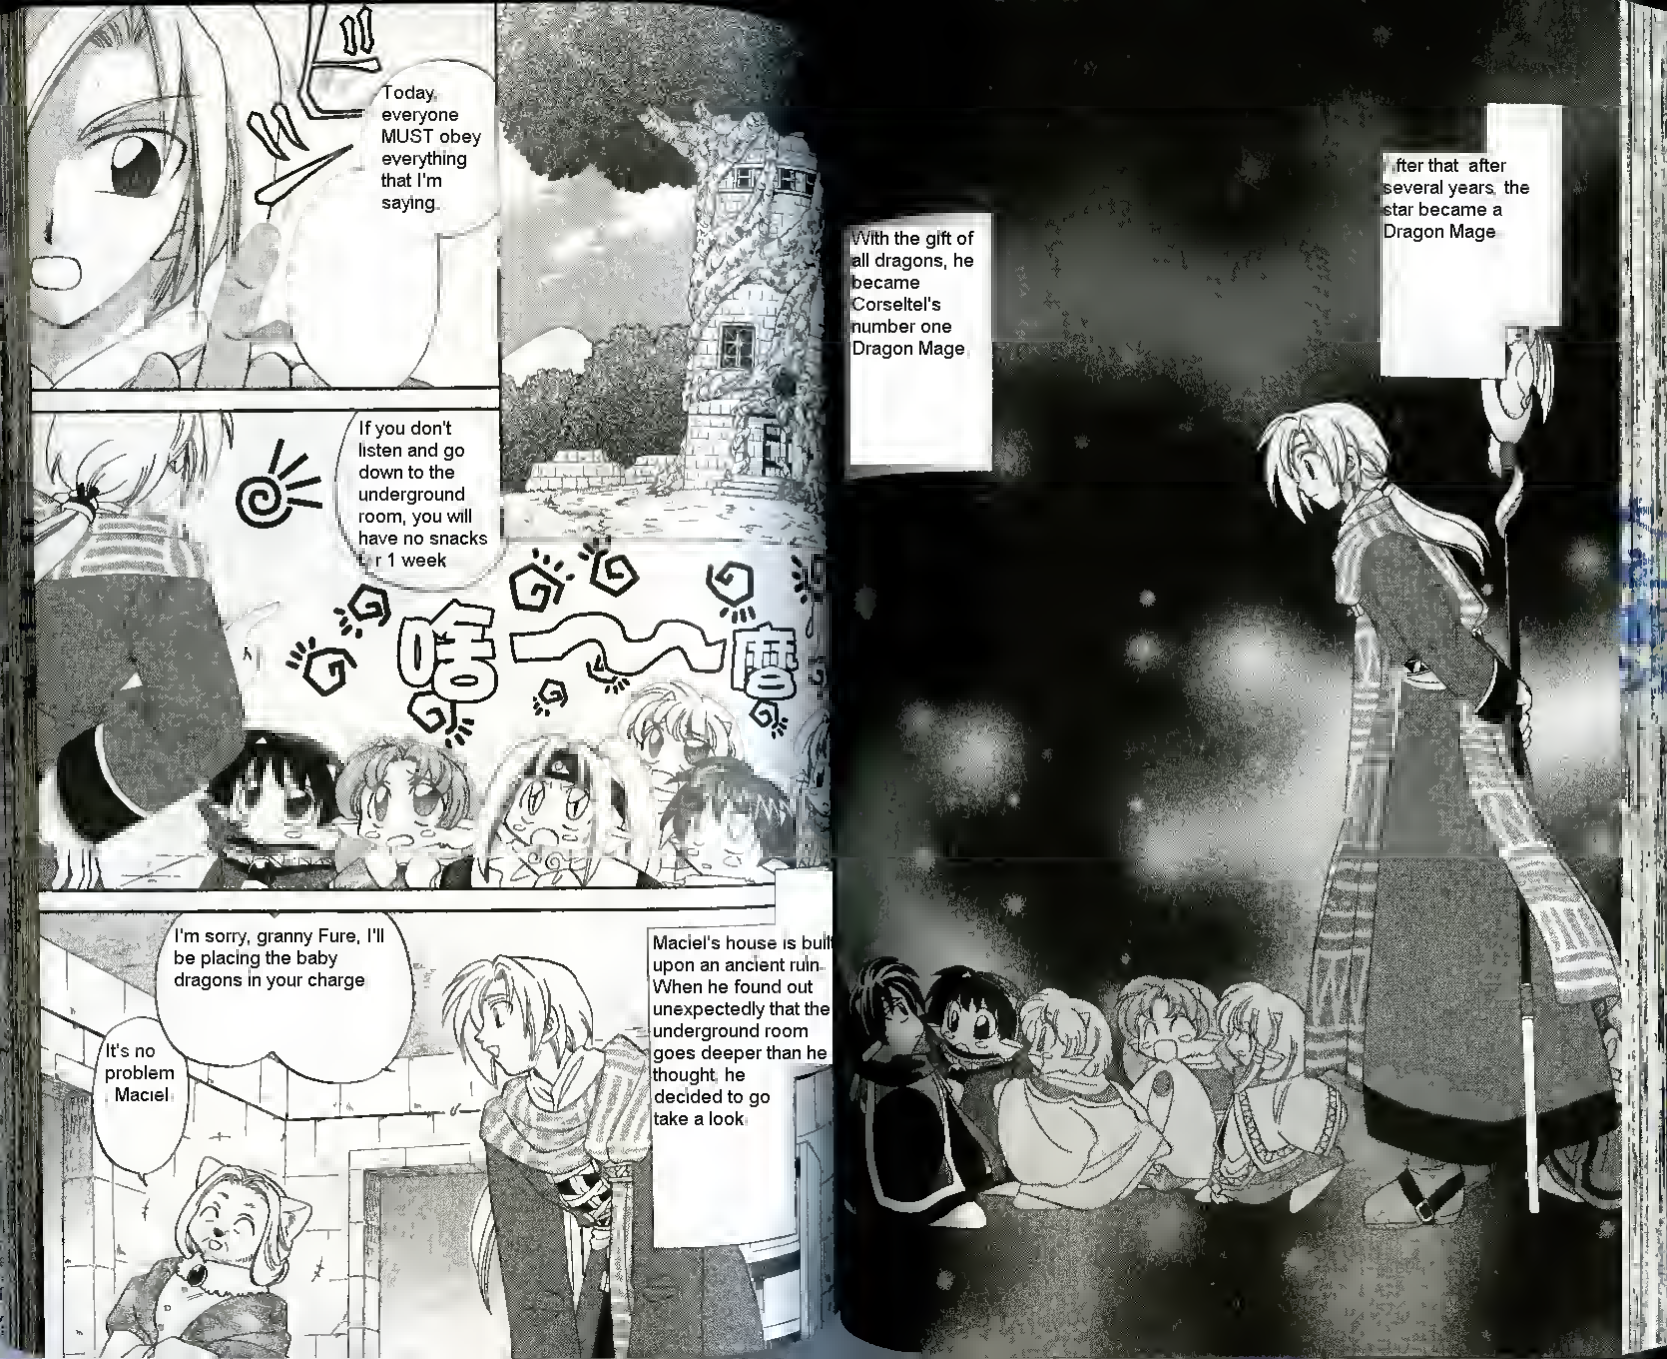
Because... Few people have the gift...

And so, Nata told him his answer.

But if there is, then you can come out right?

If it's like this.

Then, let me be your Dragon Mage.



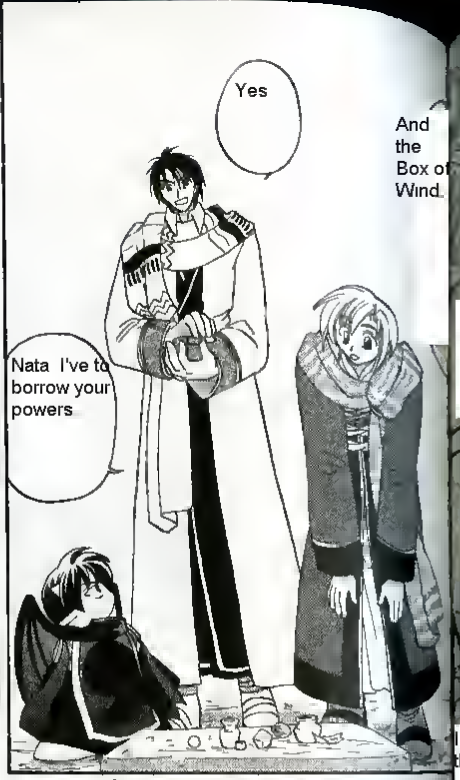
Today, everyone MUST obey everything that I'm saying.
If you don't listen and go down to the underground room, you will have no snacks for 1 week
I'm sorry, granny Fure, I'll be placing the baby dragons in your charge
It's no problem Maciel
Maciel's house is built upon an ancient ruin. When he found out unexpectedly that the underground room goes deeper than he thought, he decided to go take a look.
With the gift of all dragons, he became Corseltel's number one Dragon Mage.
After that, after several years, the star became a Dragon Mage.

Oh Maciel, let's go
哈哈哈...
I.. I'm just joking, joking! You don't need to glare at me Nata
Since I'm familiar with exploring ruins and I used to plunder such places No, it's just my interest, so I often go and look
Is that so?
Ok Lambales is willing to come along with me, you're of great help
Then let's go Maciel
Everyone be obedient and stay here
Because even if I don't let Nata eat snacks for 1 week he would still follow me
That is true
You left all the other baby dragons here but brought Nata along?
Come everyone go out and play, I'll prepare very~~~ delicious snacks for everyone
Let you all get a bit hungry first
He's so easy to trick
There's snacks
!?
This guy's never been through any hardship
You idiot! Because no one knows what will happen that's why it's fun to explore!!
Maciel says if it's not dangerous then we can go
That is so good Nata can go too~~
Why not you threaten to send him back to his homeland so he wouldn't come along
.....

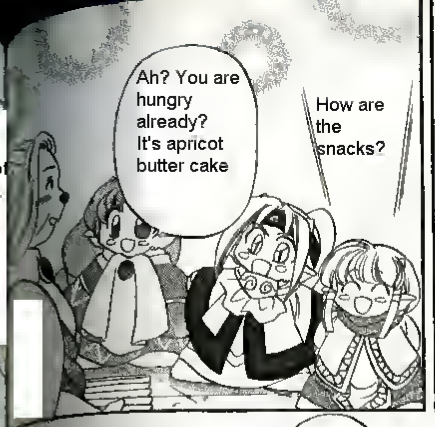
Is this the grave the baby dragons are talking about?
Ah, Lambales, wait a minute.
Huh?
On the rooms upstairs, I've places several Orbs of Light in the walls. They'll light up when anyone passes by... I'm thinking of putting some here too.
Anyone who comes in will have no snacks!!!
Maciel... You came here to explore so that the baby dragons can come here to play safely?
Yes.
They would still be coming the next time.
Thank you for looking after the baby dragons the last time.
Because I was too worried the last time, so I forgot to use it.
The Orb of Light? It's so useful to be able to use such magics in these places

Yes, I have a request for you and that Dragon Mage
This is one of my last wishes.
It's no fun
Hey? You have no reaction when seeing me?
To be alone in such a dark and lonely place, if it's me, I won't like it too
So that's it... Yes, I've never been to the grave here to visit...
I hope the Dragon Mage won't mind everyone coming here and disturbing her.
Huh? That wall...
Nata, is there anything?
Probably...
There don't seem to be any exits. Is there nothing else here?
Huh? Whose grave?
Tug
I don't mind being distrubed at all
Tee hee

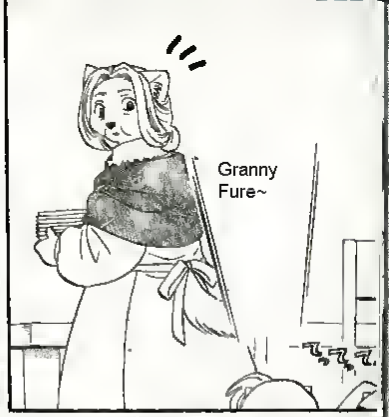
It's nothing, I just need to take some stuff
Ah, what is it Maciel?
That's tough
The doors require dragon magics to open and I can't bring the baby dragons along
If you don't be more obedient, you'll really have no snacks to eat!
You're saying, using 7 dragon magics on the wall over there,
A door would open!?
I'll take care of the baby dragons. you take care, Maciel
Ok granny Fure
What!?
There it goes again
excited
鮮勁十足♡
If everyone is scolded together, then there's nothing to be afraid of!
Sata do you want to get scolded by Maciel!?
So there's a secret door
What? You're still thinking about the underground room?



Yes
And the Box of Wind
Nata I've to borrow your powers

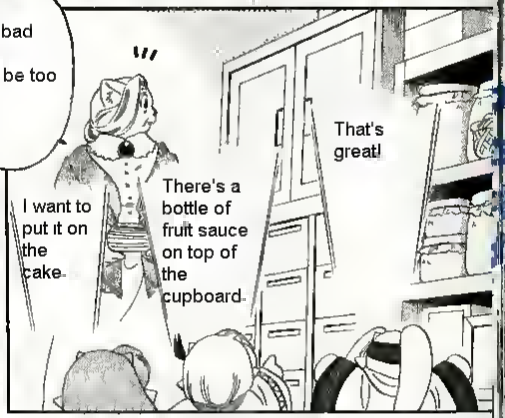


Ah? You are hungry already? It's apricot butter cake
How are the snacks?



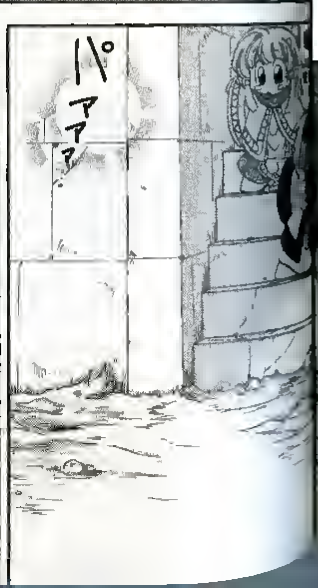
Granny Fure~

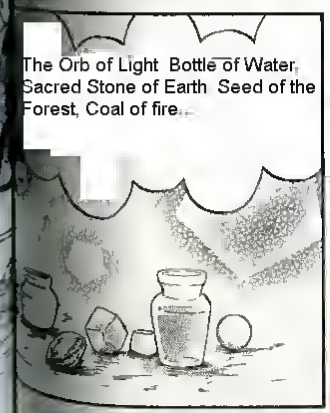
Ah that is not bad too. But wouldn't it be too sweet?
Is it this?



I want to put it on the cake.
There's a bottle of fruit sauce on top of the cupboard.
That's great!

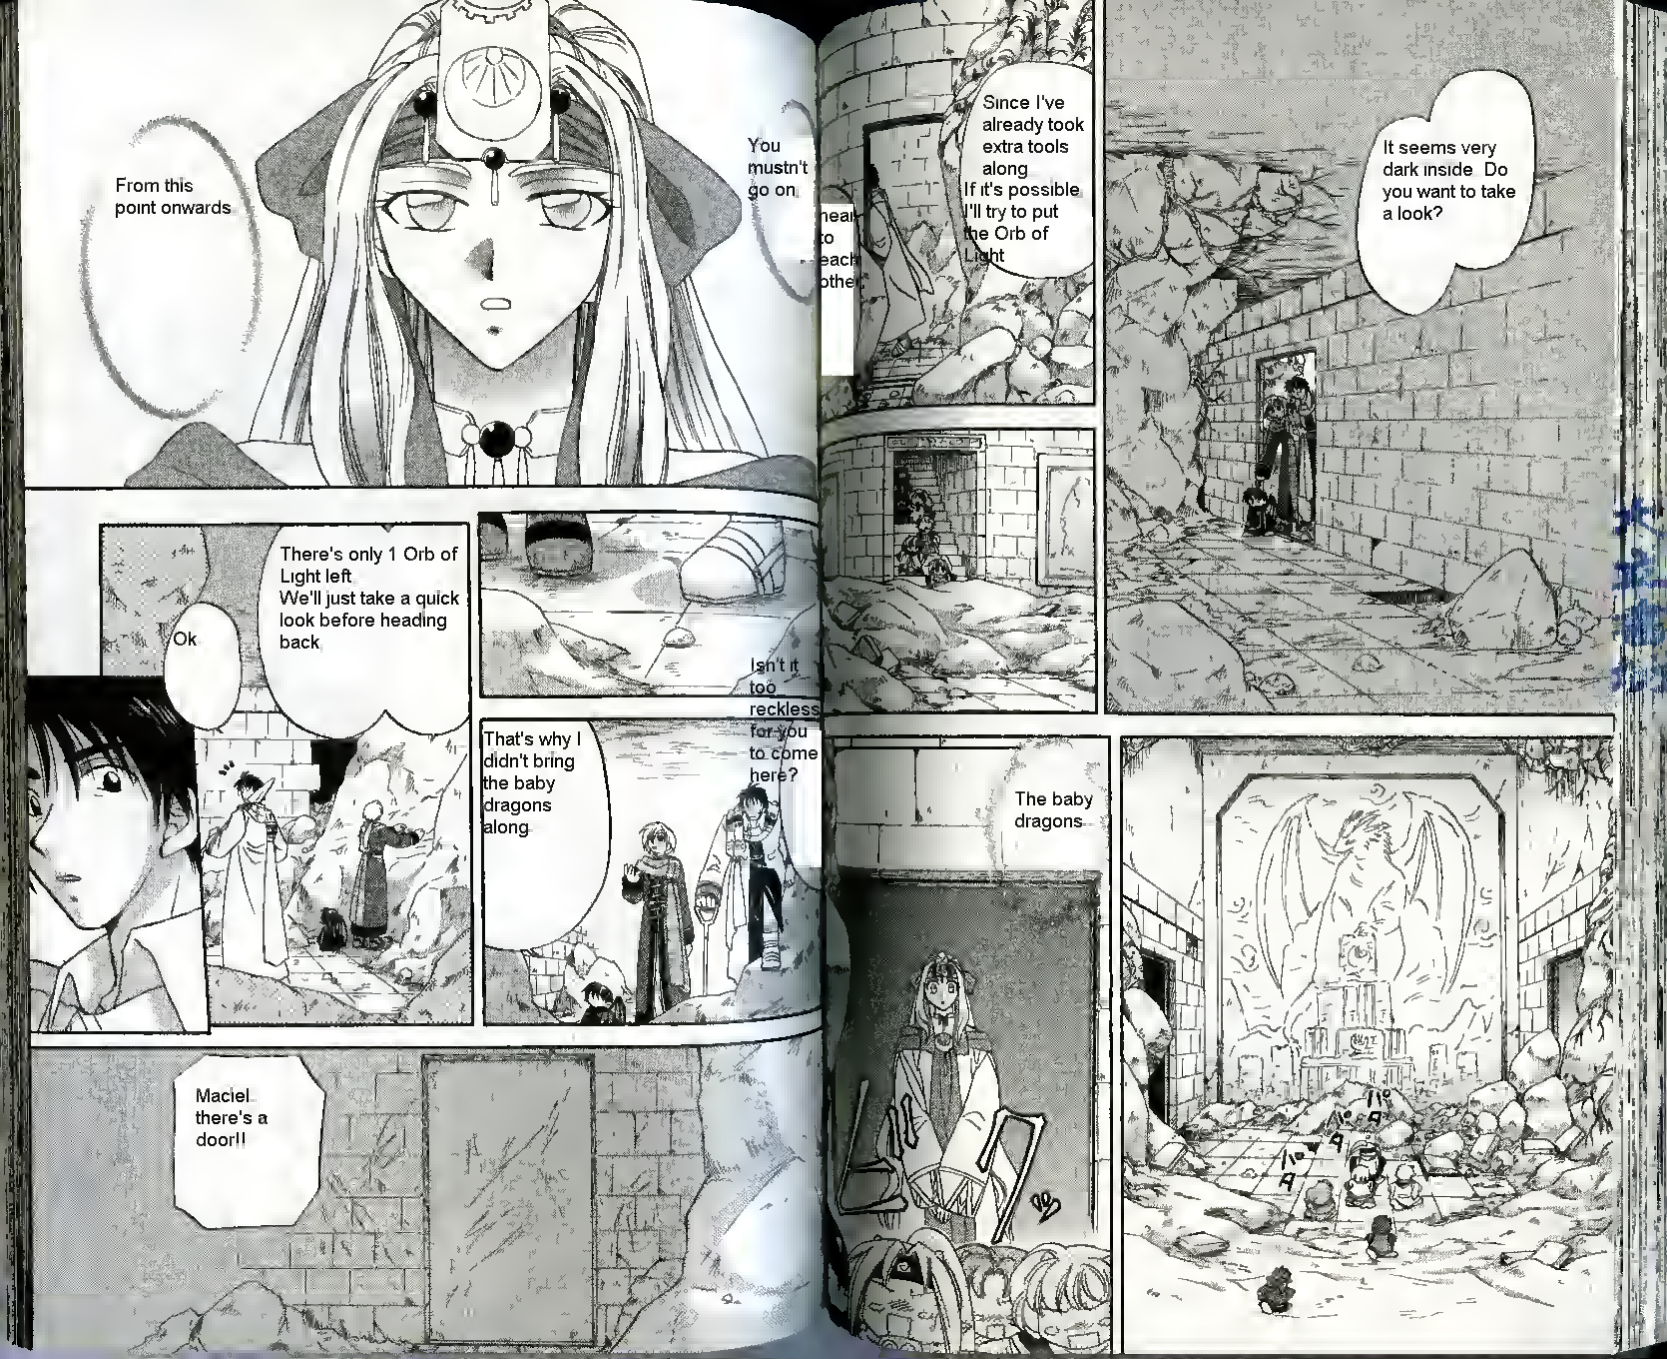
Ah. the cracks over there



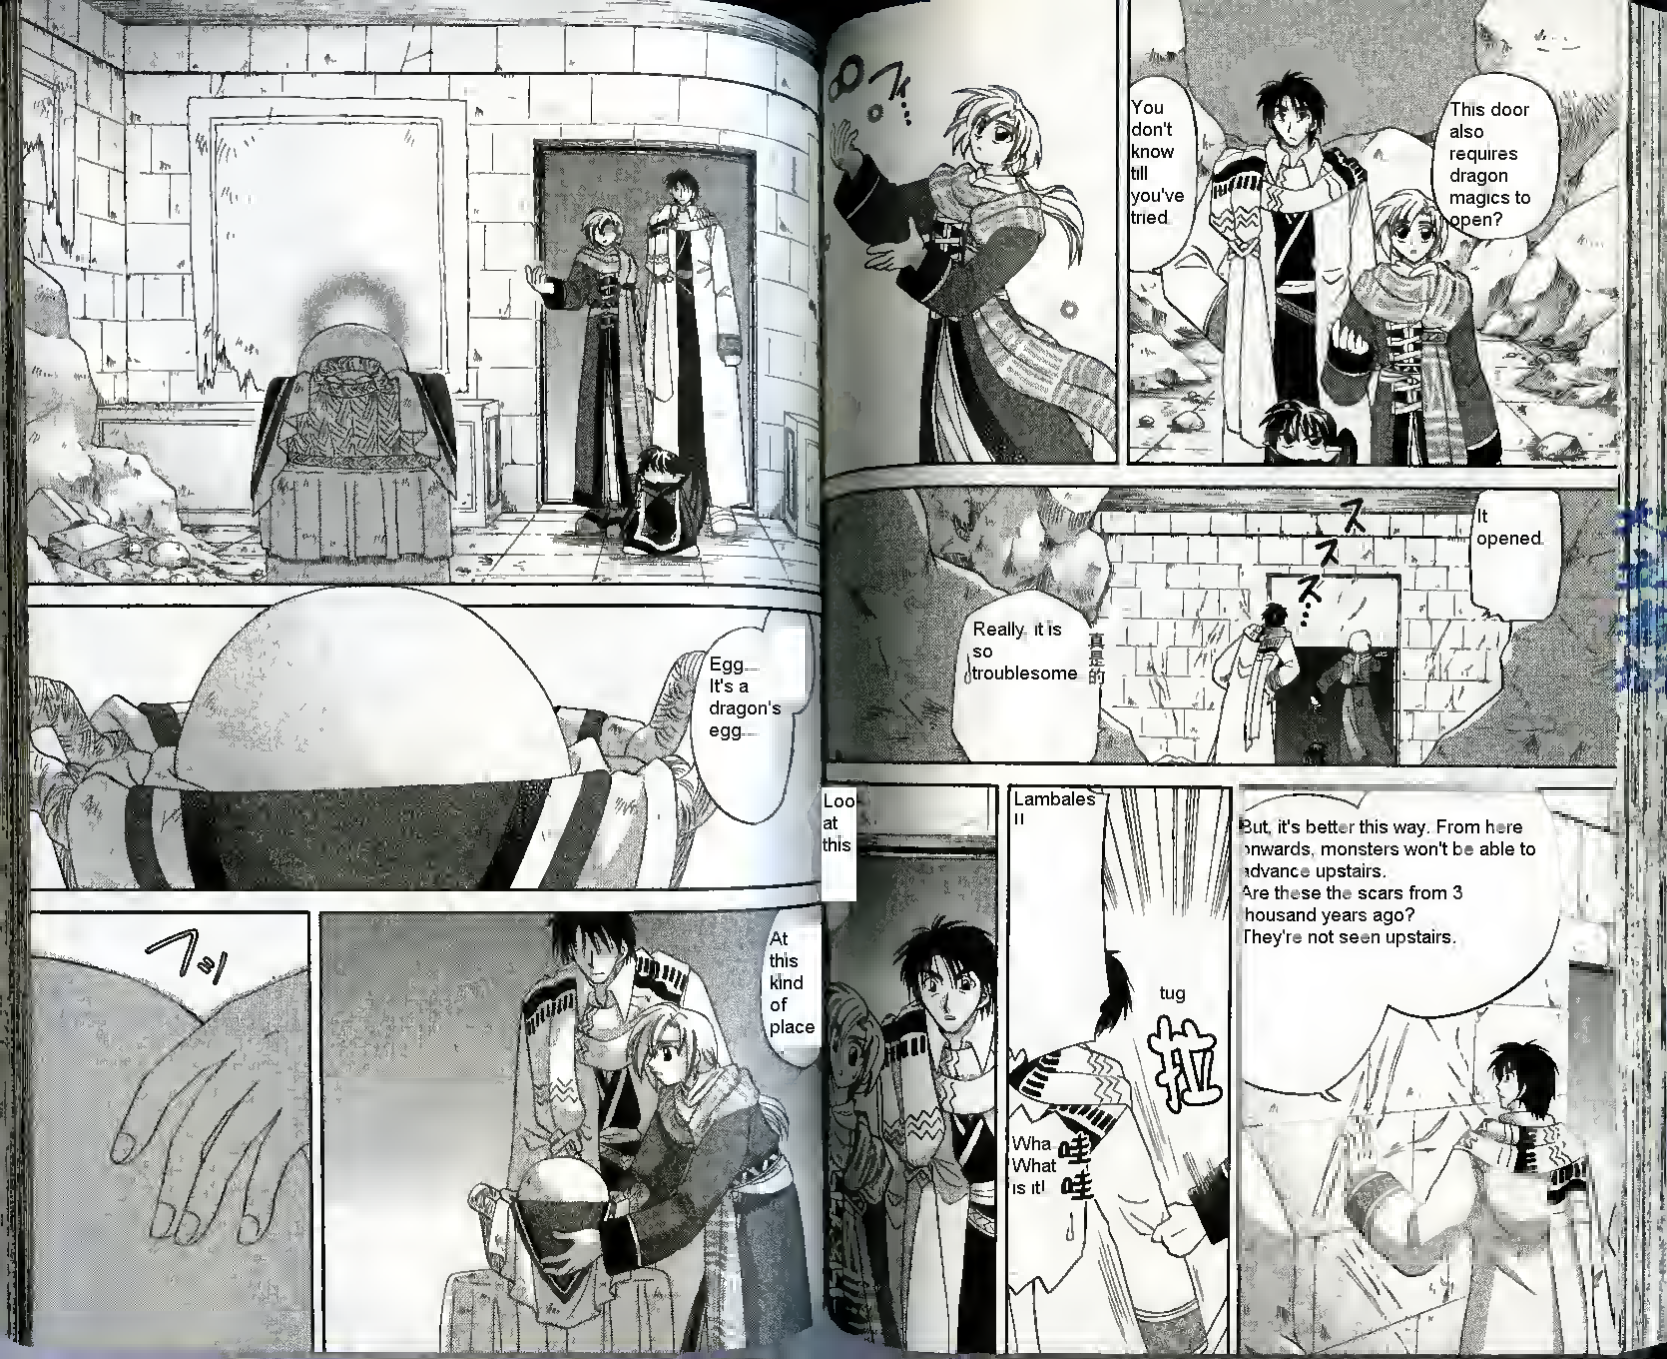


The Orb of Light Bottle of Water Sacred Stone of Earth Seed of the Forest, Coal of fire.

Ok
Huh?



From this point onwards
You mustn't go on
Since I've already took extra tools along
If it's possible I'll try to put the Orb of Light
It seems very dark inside Do you want to take a look?
There's only 1 Orb of Light left
We'll just take a quick look before heading back
Ok
Isn't it too reckless for you to come here?
That's why I didn't bring the baby dragons along
The baby dragons
Maciel there's a door!!



You don't know till you've tried.
This door also requires dragon magics to open?
It opened.
Really, it is so troublesome

Nata
That day...
If the star didn't appear...
I remember, because of Maciel, that Nata is alive
Or else everyone would finish your snacks
Let's go back
Because the dark dragon's powers are too strong so for dark Dragon Mage Meria to look after 2 dark dragons is already tiring enough
If that happens, you'll have to take good care of it
Me...?
This way, the baby dragon can go and find a new mother dragon
It might even return to Corseltel
It seems so. Nata did that Dragon Mage say anything else?
But the last wishes of that Dragon Mage Nata was talking about is this all?
Ah, yes
What's wrong, Nata?
Nata?

Lambales!!
Hey hey!!
Seems like it's better to seal this place up for now.
You should go back the Dragon Mages and your brother is coming up soon
Ah, baby dragons,
What!?
Let's go back!
Huh?
This guy...
It's already 3 thousand years, how could...
It can't be, this arua...

They should have made it clearer that such stuff still exists
I should have been better prepared
Huh?
Lambales !!
That means, the monsters that attacked Corseltel 3 thousand years ago, are still alive!?
You said Dragon Mages of the city!?
So I found you Dragon Mages!! You dare to seal me in such a place!!!
Dragon Mages of the city!!

So you don't need to worry, Nata
But for him this star is enough
The dark dragons started a journey across the skies,
They left behind many eggs, and crossed many stars.

It took a lot of effort to hide it from Nata the one that caused Nata to be so shocked was you!

Let's go back Lambales.

Ok-

Huh?

Idiot, you can't say that!!

The dragon king's Dragon Mage said so

I've already used wood dragon magics to stop the pain... But how did you know?

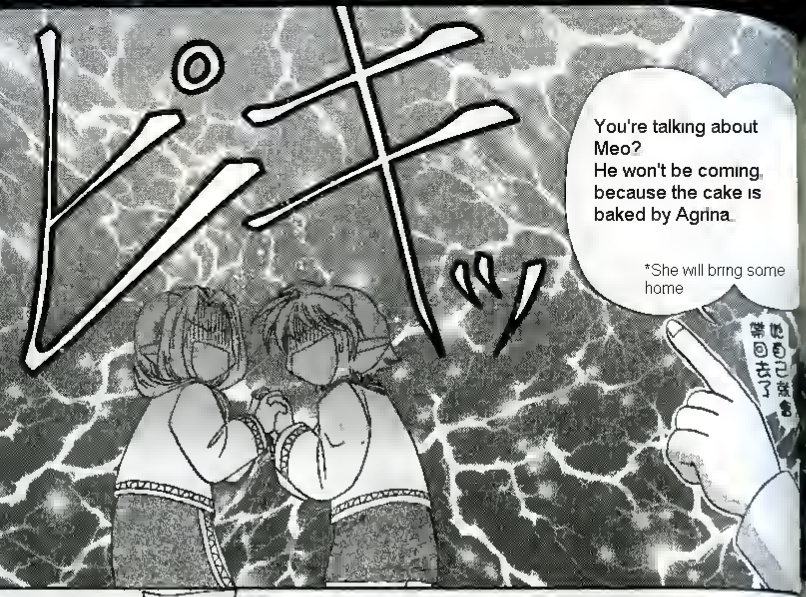
That's right if you were to eat the poisoned fruits, they know how Nata would deal with them
No... They didn't
Did Noi and Roi come here!!?
Kadio
Corseltel is really a great place
It's quite a distance from the forest but there are still spirits
No she can do it
I gave them a scolding and they run out
Poisoned fruits!?
It's their interest They always create some strange fruits and give them to others to eat
Huh!? Who are they!!?
Although everyone should have known about it but I know of two idiots who would comply to their requests
Maciel, your house's tree doesn't have a spirit attached to it
If you let this child care for it when she grows, then you need not worry when it rains
Although she is small now but she can grow to be quite strong
Although she might not be better than that Kashi she can still be quite powerful
Wait a minute I'm not there to say this!!
"Wow
哇啊

*murmurs
What
!?
小聲
小聲
Maciel, this would require your help.
I know a way to teach those two a lesson
Fire Dragon Mage's home
They are very sweet and delicious!
Yes
So, these fruits are for me?
The other is your brother!!
Milieu onissan ?
Because he is not home when I went over, so I came here.
Don't worry, Milieu is alright.
Ah
That is you
!!
Nata is thinking, that is not easy to refute
But if it's Ifurofu, he might not have told the girl.
Huh? You're talking about Agrina ?
Next, I'm thinking would be at Ifurofu's place,
*stop
頓住
Really, these guys are so annoying.
嘖
Kadio, I'll go with you.

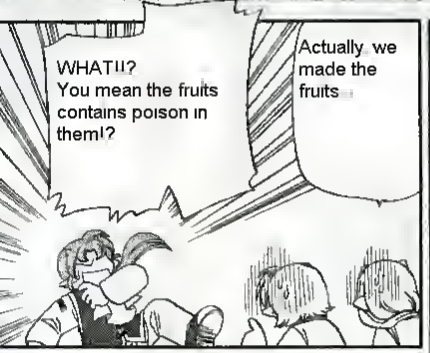
Ah? Where's Agrina!?
Agrina, why don't you share them with Meo-
Quick eat them
No, there isn't
But there seems to be too much
They look delicious
Agrina
Hey? Why not?
Wait. Agrina! You can't go over to Maciel's house!!
Oh!
Yes!
'll bring them over to Maciel's place and share with Hata too!
Why didn't you share them with Meo?
Yes.
Huh?
Are they from Noi and Roi?
Hi Maciel. someone gave me these fruits, let's eat together.
If Maciel eats those fruits. Nata would go berserk.
I heard that the last time Maciel was injured. Corseltel was almost destroyed.
小聲 小聲 *murmur
So I want to share them with you and Hata.
Because you always treat me with nice dishes.
啥米
*WHAT THE

If I had known, I would have teached them a lesson!!
So you didn't know about it
Those brats actually gave me poisoned fruits!!?
POISON
!!?
Calm... Calm down, Agrina
No. I'll go now. or else I won't be satisfied!
These are not "a bit" only!!!
Some will cause you to be a bit numb. immobilising you for about half a day.
Or it will make you a bit dizzy, letting you sleep for two to three days in one row.
Or it will make you laugh a bit non stop.
Although it's poison there's only a little bit of it. It's not that scary.
Ah? Are you Lududu? The last time I saw you, you are just this small.
And now, you've grown this big!
Hey
!?
That's so accurate, Agrina came just like the wood Dragon Mage said!
Don't say that. it's so embarrassing...
Humans will grow as time passes. I'm so envious...
Yes. though now I can grow immediately but soon. I won't be able to do so.
Spirits need to mature in their hearts before their appearance mature too.
Their interests?
Don't you know about Noi and Roi's interest?
Yes actually...
Oh, yes
Yes. Maciel. what about the wood dragons?

We'll bake a cake using these fruits
Firstly
Acutally Tata loves pranks too, but it hasn't been noticed yet...
On a side note these two noticed it already
Really, I thought that other than those boisterous fire dragons, there shouldn't be worse personalities.
And Tata is very obedient, no wonder I'm tricked by them!
very obedient?
Haha
Ah! Wait a minute! I heard that Agrina
We've already ran as fast as we can, but we still can't catch up... How does she run so fast?
What, teach them a lesson? I'll help too!!
Because the wood Dragon Mage asked Maciel to teach those two a lesson
Help?
Sigh, seems like we have to help Kadio... Though I don't really want to...
That way we won't be able to catch up with her!!
Has no sense of direction. If she follows the road, she would get lost, so she just run foward blindly...
The road is so winded...
Yes
Maciel, so what do we do?



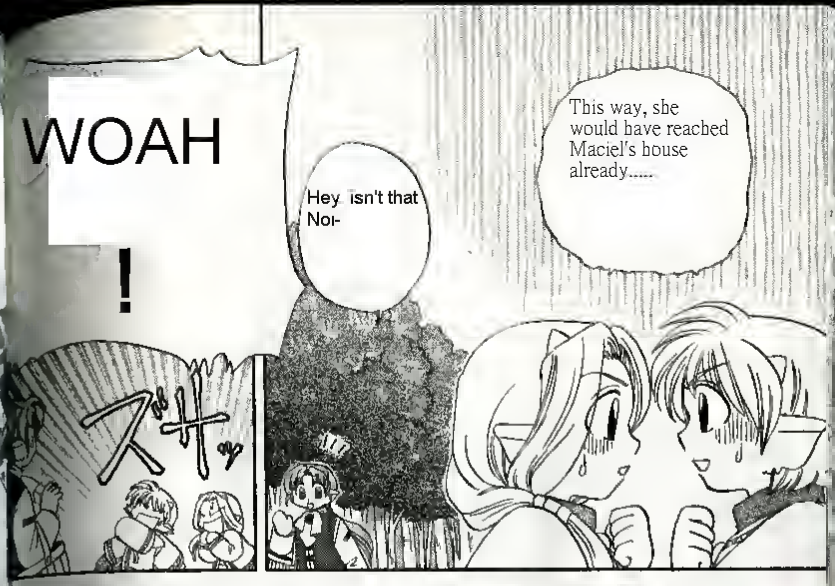
ピキ
You're talking about Meo?
He won't be coming because the cake is baked by Agrina
*She will bring some home



WHAT!!?
You mean the fruits contains poison in them!?
Actually we made the fruits

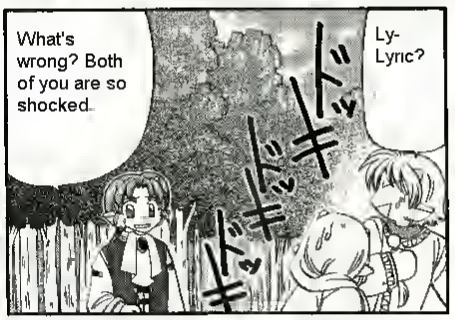
Maciel doesn't seem to think that the fruits are poisoned!
はっ

Yes What's wrong with you two making such a fuss
Oh no... Maciel actually did this...
You said... The dark dragon Raruka is coming too?



WOAH !
スサッ
Hey isn't that Noi-
This way, she would have reached Maciel's house already.....

Because 'ladies' first' I was about to call you after taking a breath Roi.
Hey you saw the two of us but you only called out Noi's name



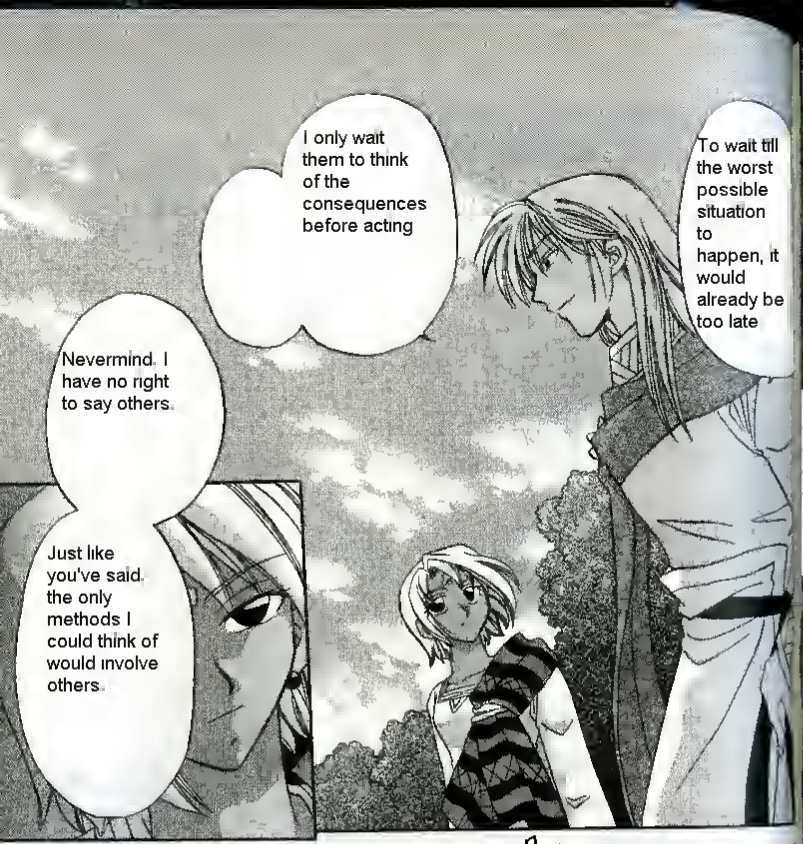
What's wrong? Both of you are so shocked
Ly-Lyric?
ドドドキ

Jen, Raruka, and Yuicy would be there~
Just now they told us that they have a lot of cake, and asked us to go take some
Do you always leave out the guys' names?

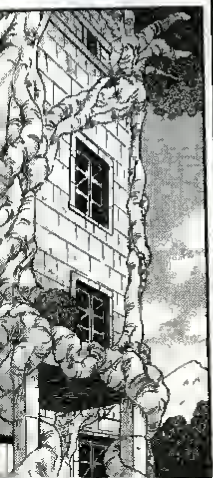
What? Cake?
That aside are you going to Maciel's house to take the cake?

Oh no, this is bad...
I have to tell Elle fast!
Lyric!
Yes, if we hurry, we might be able to make it in time!
No, let's go to Maciel's house!
Elle!
Don't worry, it's alright.
Actually, you are the most evil, aren't you? Kadio.
Oh, I'm sorry, Lyric.
Kadio!!! What's going on!!! Aren't you the one who asked me to get the cake!!!

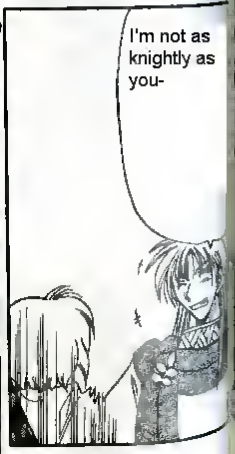
If Meria and Maciel were to eat any strange fruit
*shiver shiver
顫抖顫抖顫抖顫抖
The three dragon dragons would be enraged, not only Corseltel, even the outside world...
We never thought it would turn out like this...
What should we do? It was just a small prank...
AH...
Everything would be destroyed!!



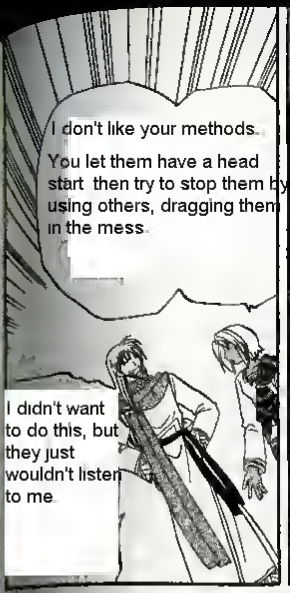
I only wait them to think of the consequences before acting
To wait till the worst possible situation to happen, it would already be too late
Nevermind. I have no right to say others.
Just like you've said. the only methods I could think of would involve others.



Quick go and find Noi and Roi!
Go quickly!!
Elle seem especially fierce to Kadio...

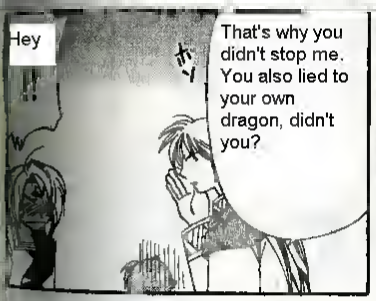


I'm not as knightly as you-



I don't like your methods.
You let them have a head start then try to stop them by using others, dragging them in the mess.
I didn't want to do this, but they just wouldn't listen to me.

Didn't I apologised first?
It's a lie
!!?
Just to teach your own dragons a lessons you lied to other young dragons



Hey
That's why you didn't stop me. You also lied to your own dragon, didn't you?

And the one who suffers the most from the pranks is Milieu.

s that the only things that makes you sad?
... That means Jen, Raruka, and Yuicy won't be coming?
*sob sob sob
*This child is so troublesome

Oh... What is it, Lyric?
Elle

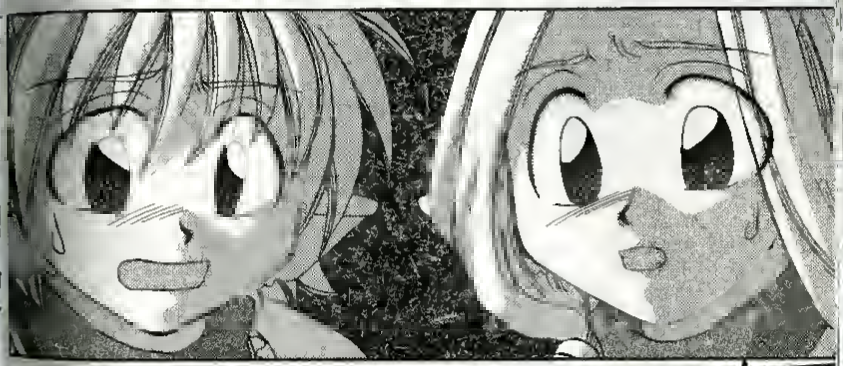
魔法騎士

Maciel, you knew it already!?
是啊，我從加迪歐那邊聽來的。
Ouch
!
バコ バコ
You calm down they're already reflecting on their actions
Ag-Agrina...
You actually brought me poisonous fruits!!
Stopping her
We've just finished baking the cake
Since you would be coming to apologise, he asked me to bake the cake first
Kadio said.
Wait a minute that means we met Lyric on the way, it is also part of Kadio's plan-
Kadio Did Did he come here?
The fruits are poisoned!
We're sorry!
Maciel!
Erm, actually...

Kadio
!

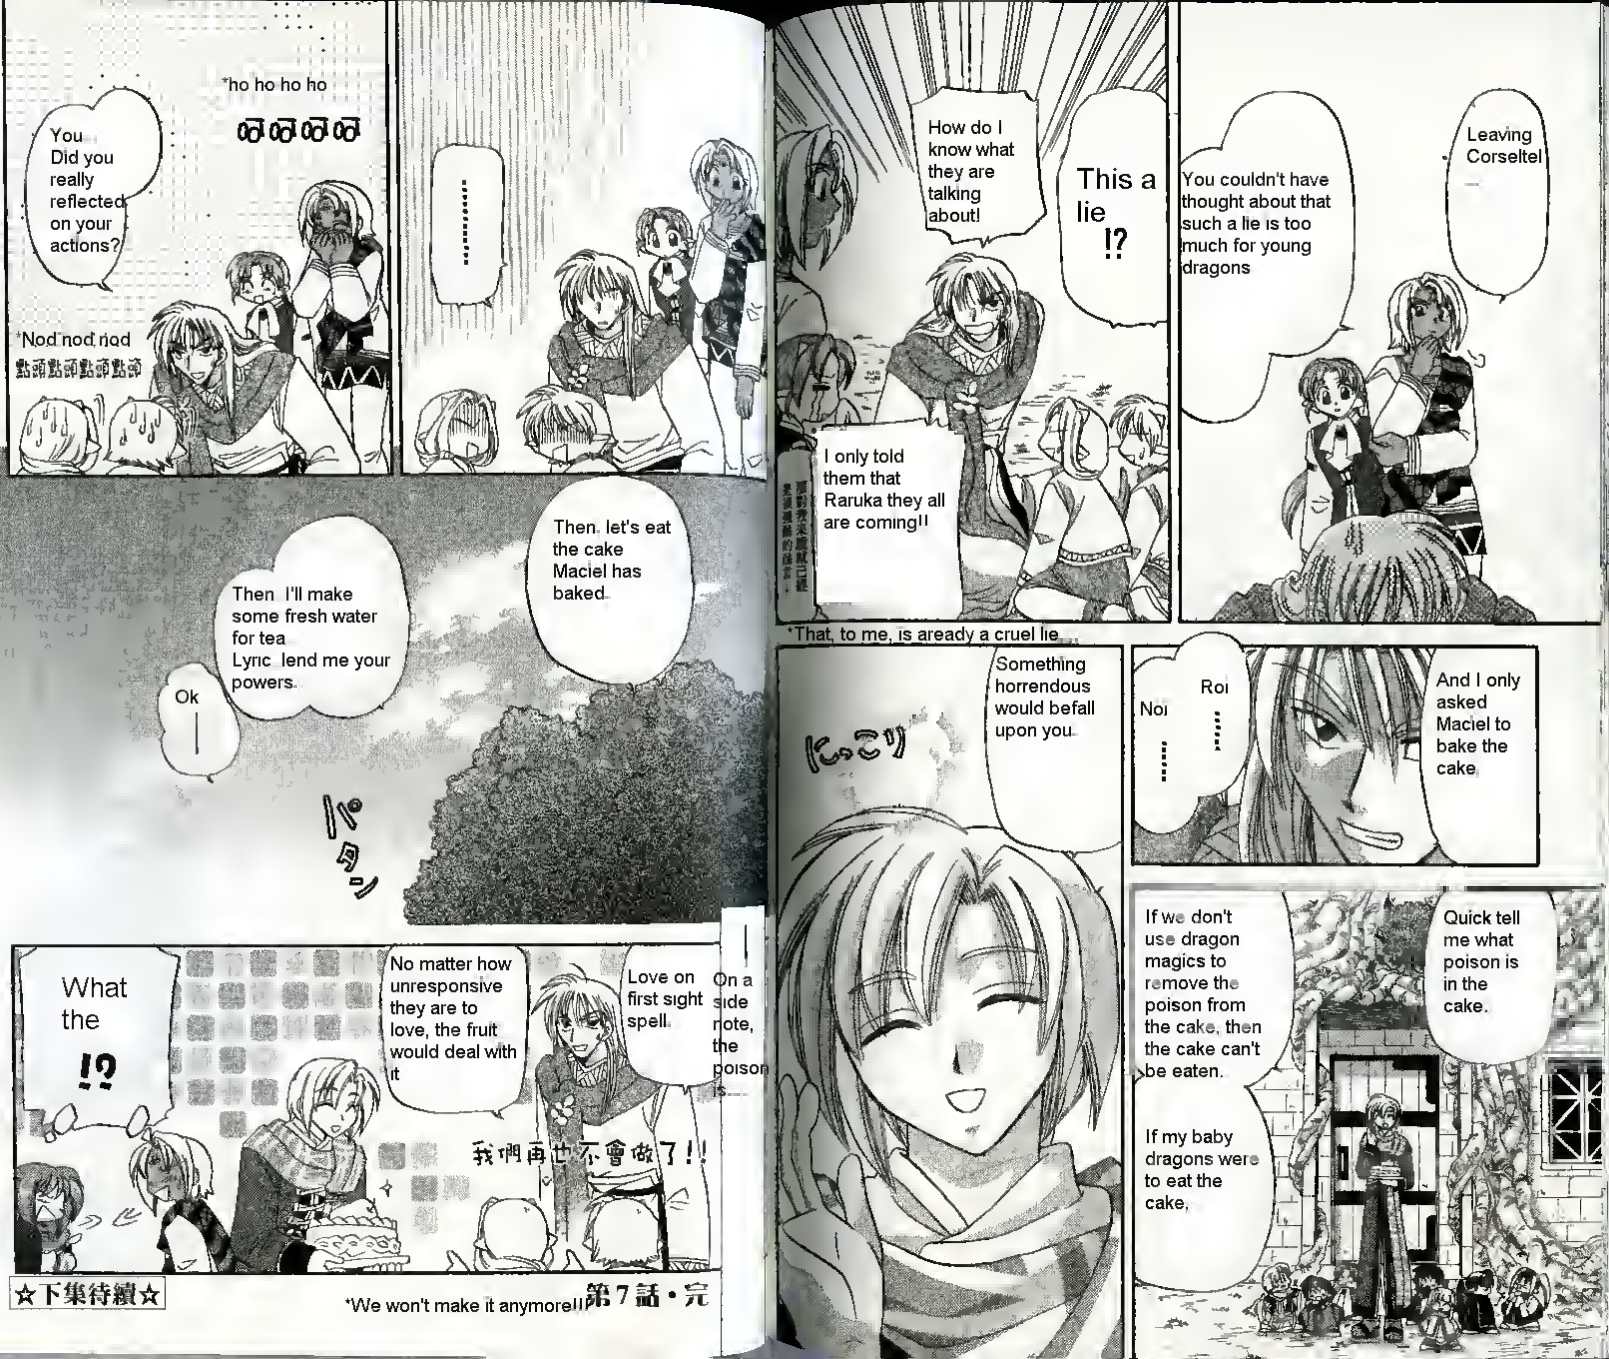
If you two didn't come that would mean that he is not a good teacher.
He would shoulder all responsibility.
And leave Corseltel.

Waoh
!



So please don't leave Corseltel!
We're really sorry, we won't be making any poisonous fruits anymore!

Huh ?
Hey. Kadio they're running over



*ho ho ho ho
You Did you really reflected on your actions?
*Nod nod nod
點頭點頭點頭點頭
……
How do I know what they are talking about!
This a lie !?
I only told them that Raruka they all are coming!!
*That, to me, is aready a cruel lie
Leaving Corseltel
You couldn't have thought about that such a lie is too much for young dragons
Then. let's eat the cake Maciel has baked.
Then I'll make some fresh water for tea Lyric lend me your powers.
Ok
パタン
にっこり
Something horrendous would befall upon you.
Noi
Roi
……
And I only asked Maciel to bake the cake.
What the !?
No matter how unresponsive they are to love, the fruit would deal with it
Love on first sight spell.
On a side note, the poison is
我們再也不會做了!!
*We won't make it anymore!!
If we don't use dragon magics to remove the poison from the cake, then the cake can't be eaten.
If my baby dragons were to eat the cake,
Quick tell me what poison is in the cake.

Incidents before Corseltel no Ryujitsushi is completed part 2

*i.e. Author's notes

The designs for the 8 Dragon Mages are almost completed by the time Milieu is introduced. Maciel's design is also somewhat fixed by that stage. About each Dragon Mages' past and future, although I have lots of plans for them, but sometimes other ideas would pop up. I hope to quickly finish them, but the characters kept increasing and increasing and increasing... Now, only the light Dragon Mage hasn't been introduced.

A thank you to all readers who often send letters to me. The observation diary arised from a topic raised by a reader. At the same time, for the "good night" chapter, came from someone's letter, which wrote, "I want for mother to have a holiday too." The contents from everyone's letters, really helped me a lot (laughs).

On a side note, please include a return address, or I can't reply your letters.
